## LETTER FROM THE CHAIRMAN

Dear Fellow Conservatives,

We are pleased to present the American Conservative Union Foundation's ratings for the 2016 meeting of the Kansas Legislature. Like our Congressional Ratings, our State Ratings reflect how elected officials view the role of government in an individual's life. The Kansas legislators with the highest scores voted most consistently with the ideals articulated in the U.S. Constitution: limited and transparent government, individual rights, personal responsibility, and lasting cultural values.

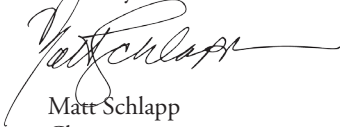

In 2015, ACU Foundation was proud to make history by being the first organization to rate every single state legislature across the full spectrum of issues, helping each voter understand how his or her state ranks among the rest.

Ultimately, we are trying to help people understand what conservatism *is* and how it improves the lives of everyday Americans. Conservatism is the political philosophy that sovereignty resides in the person. We think that understanding this idea is essential if Americans are to successfully govern themselves again.

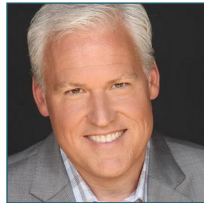

Working with our policy centers and fellows, the ACU Foundation engages in deep policy analysis to help create our annual state scorecards. We have enhanced the vote descriptions this year to show this effort more clearly.

By examining all 50 of our State Ratings, we can see which states have most effectively promoted conservative solutions and which have struggled. Our ratings also help identify legislators who have courageously fought against liberal majorities. We hope that this guide helps you learn how well, or poorly, your legislators work to preserve the values we share.

Sincerely,

Matt Schlapp  
Chairman  
American Conservative Union

## SELECTING THE VOTES

ACU researched and selected a range of bills before the Kansas Legislature that determine a member's adherence to conservative principles. We selected bills that focus on Ronald Reagan's philosophy of the "three-legged stool": 1) *fiscal and economic*: taxes, budgets, regulation, spending, healthcare, and property; 2) *social and cultural*: 2nd amendment, religion, life, welfare, and education; and 3) *government integrity*: voting, individual liberty, privacy, and transparency. This wide range of issues are designed to give citizens an accurate assessment that conveys which of Kansas's elected leaders best defend the principles of a free society: Life, Liberty and Property.

## KANSAS SENATE VOTE DESCRIPTIONS

1. **SB 65 Longbine Amendment Concealed Carry.** The Longbine amendment to a bill easing restrictions on the concealed carry of a firearm in a public building postpones the right to concealed carry on college campuses from 2017 to 2021. ACU supports the founder's belief in the Second Amendment and opposed this amendment. The House defeated the amendment on February 11, 2016 by a vote of 11-26.

---

2. **SB 457 Nursing Home Bed Tax Increase.** This bill increases by 150% the nursing home bed tax as a way to obtain more federal Medicaid funds that would be funneled back into the nursing homes that have Medicaid patients. ACU opposes this scheme that drives up the cost of Medicaid at the cost of nursing homes for non-Medicaid patients and opposed this bill. The Senate passed the bill on March 17, 2016 by a vote of 34-5.

---

3. **SB 338 Property Rights.** This bill gives broad authority to local governments to seize property designated as "blighted" or "abandoned" and turn the property over to non-profit housing rehabilitation groups without providing compensation to the property owner. ACU Foundation's Center for 21st Century Property Rights engages heavily on this issue and supports the protection of property rights and ACU opposed this bill. The Senate passed the bill on February 23, 2016 by a vote of 32-8.

---

4. **SB 363 Licensing for Acupuncturists.** This bill extends the licensing requirements for acupuncturists to include "dry needling" in addition to traditional acupuncture. Physical therapists, who practice dry needling as part of their "manual therapy," will have to receive 1,350 hours of training to obtain a license. Research based on the ACU Foundation's Family Prosperity Index shows that when entrepreneurship is suppressed, the resulting decline in economic growth leads to a reduction in family prosperity. ACU opposes the proliferation of licensing requirements for every occupation, opposes bills that are primarily designed to restrict competition, and opposed this bill. The Senate passed the bill on March 22, 2016 by a vote of 38-2.

---

5. **SB 469 Teacher Union Referendums.** This bill requires that school employees vote to renew union representation in each school district every three years. The current requirement of a signed petition by 30 percent of all the district's school employees has resulted in some districts going decades without a vote. ACU supports strengthening worker rights and supported this bill. The Senate passed the bill on March 23, 2016 by a vote of 22-18.

---

6. **SB 318 Renewable Energy Subsidies.** This bill repeals the Kansas Electric Transmission Authority Act that provides taxpayer funds to facilitate renewable energy transmission. The bill also suspends all work by the state in response to the EPA power plant mandates until the federal court case against the mandates is resolved. ACU supports all forms of energy, believes government should not favor one form of energy over another, and supported this bill. The Senate passed the bill on April 28, 2016 by a vote of 39-1.

---

7. **HB 2088 Property Tax Cap.** This bill moves up the date for a property tax cap for local governments from 2018 to 2017. Under the bill, if a city or county's tax revenues are increased as a result of rising property values, the locality must reduce the tax rate or hold a referendum to obtain approval for additional spending. Research based on the ACU Foundation's Family Prosperity Index shows that higher tax burdens suppress economic growth, which reduces family prosperity. ACU supports this fiscally responsible approach and supported this bill. The Senate passed the bill on April 29, 2016 by a vote of 37-3.

---

8. **SB 128 Transparency in Judicial Selection.** This bill allows the public to know what the nominating commission considers when selecting justices, requires the Governor to release the names of applicants for the Court of Appeals, and makes the Kansas Supreme Court Nominating Commission subject to the Kansas Open Records and Meetings Act. ACU supports strengthening government transparency and supported this bill. The Senate passed the bill on May 1, 2016 by a vote of 35-3.

---

9. **SB 248 Allocation of Federal Family Planning Funds.** This bill puts into law an annual appropriation provision that sets the priorities for federal Title X family planning funds. The funds will go to full-service public entities and any additional monies must go to non-public entities such as hospitals or health centers that provide comprehensive care. Planned Parenthood does not qualify under this criteria. ACU opposes taxpayer funds being sent to organizations that perform abortions and supported this bill. The Senate passed the bill on May 1, 2016 by a vote of 32-8.

---

10. **SB 366 Real Estate Price Controls.** This bill prevents local governments from enacting rules that control the rental or purchase price for residential or commercial property and prevents mandated inspections of rental property without the owner's consent. ACU supports a free market in real estate and strengthening of property rights and supported this bill. The Senate passed the bill on May 1, 2016 by a vote of 32-6.

---

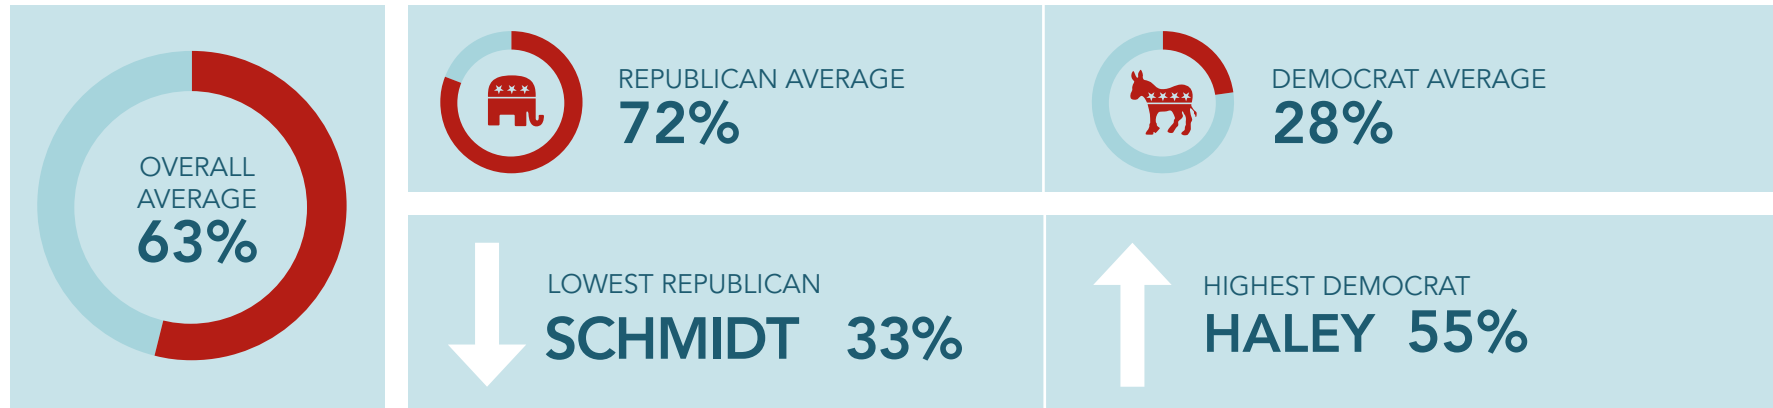

11. **SB 402 Welfare Reform.** This bill reduces the total amount of time any individual can receive welfare benefits under the federal Targeted Assistance for Needy Families (TANF) program from three years to two years with a one year extension for hardship cases. The bill also tightens work rule requirements and allows the state to cross-check lottery winners with welfare beneficiaries to determine eligibility. Research based on the ACU Foundation's Family Prosperity Index shows that an overreliance on welfare diminishes recipients' employment prospects, keeping families out of the workforce and unable to prosper. ACU supports reasonable restrictions on welfare benefits and efforts to prevent fraud and supported this bill. The Senate passed the bill on May 1, 2016 by a vote of 27-13.

---

12. **HB 2502 Concealed Carry.** This bill expands the right of local government employees to carry a concealed firearm while on duty by allowing them to carry the firearm when they travel for work. ACU supports the founders' belief in the Second Amendment and supported this bill. The Senate passed the bill on May 1, 2016 by a vote of 32-6.
