LETTER FROM THE CHAIRMAN

Dear Fellow Conservatives,

We are pleased to present the American Conservative Union Foundation's ratings for the 2016 meeting of the Pennsylvania General Assembly. Like our Congressional Ratings, our State Ratings reflect how elected officials view the role of government in an individual's life. The Pennsylvania legislators with the highest scores voted most consistently with the ideals articulated in the U.S. Constitution: limited and transparent government, individual rights, personal responsibility, and lasting cultural values.

In 2015, ACU Foundation was proud to make history by being the first organization to rate every single state legislature across the full spectrum of issues, helping each voter understand how his or her state ranks among the rest.

Ultimately, we are trying to help people understand what conservatism *is* and how it improves the lives of everyday Americans. Conservatism is the political philosophy that sovereignty resides in the person. We think that understanding this idea is essential if Americans are to successfully govern themselves again.

Working with our policy centers and fellows, the ACU Foundation engages in deep policy analysis to help create our annual state scorecards. We have enhanced the vote descriptions this year to show this effort more clearly.

By examining all 50 of our State Ratings, we can see which states have most effectively promoted conservative solutions and which have struggled. Our ratings also help identify legislators who have courageously fought against liberal majorities. We hope that this guide helps you learn how well, or poorly, your legislators work to preserve the values we share.

Sincerely,

Matt Schlapp
Chairman

SELECTING THE VOTES

ACU researched and selected a range of bills before the Pennsylvania General Assembly that determine a member's adherence to conservative principles. We selected bills that focus on Ronald Reagan's philosophy of the "three-legged stool": 1) *fiscal and economic*: taxes, budgets, regulation, spending, healthcare, and property; 2) *social and cultural*: 2nd amendment, religion, life, welfare, and education; and 3) *government integrity*: voting, individual liberty, privacy, and transparency. This wide range of issues are designed to give citizens an accurate assessment that conveys which of Pennsylvania's elected leaders best defend the principles of a free society: Life, Liberty and Property.

PENNSYLVANIA SENATE VOTE DESCRIPTIONS

1. **HB 1690 Wine Sales.** This bill, for the first time since the end of prohibition, allows grocery stores, restaurants and hotels to sell customers up to four bottles of wine and eliminates some requirements for stores to close on certain holidays and have limited sales on Sundays. ACU opposes government monopolies on the sale of legal products and supported this bill. The Senate passed the bill on December 10, 2015 by a vote of 29-21.

---

2. **HB 1638 Auto Claim Appraisals.** This bill makes it legal for auto claim appraisals to be conducted without a personal physical inspection but rather through a photograph or video tape as is allowed in 45 other states. ACU believes that people should be able to choose the way appraisals are made and opposes the current system that is meant to stifle innovation in order to protect a select industry, and supported this bill. The Senate passed the bill on March 23, 2016 by a vote of 47-1.

---

3. **SB 644 Oversight of Collective Bargaining Agreements.** This bill strengthens the authority of the Independent Fiscal Office to conduct a cost analysis of collective bargaining agreements for public employees under the governor's jurisdiction. ACU supports strengthening oversight over government spending and supported this bill. The Senate passed the bill on April 6, 2016 by a vote of 29-19.

---

4. **HB 805 Teacher Evaluations.** This bill replaces a seniority system for deciding who will be furloughed or reinstated, known as the "last in, first out" policy, with a system of performance evaluations. ACU supports a merit system for teachers and supported this bill. The Senate passed the bill on May 9, 2016 by a vote of 26-22 but it was vetoed by the governor.

---

5. **SB 279 Oil and Gas Drilling Regulations.** This bill exempts conventional oil and gas drilling from the strict regulations that are applied to unconventional drilling. They had been lumped together due to the failure of the Department of Environmental Protection to develop separate sets of regulations for each. ACU supports efforts to reform the "one size fits all" approach of most government regulation and supported this bill. The Senate passed the bill on June 15, 2016 by a vote of 37-12.

---

6. **SB 1195 Federal Clean Power Plan Implementation.** This bill increases from 100 to 180 days the time allowed for the legislature to review the state plan to comply with the federal EPA's Clean Power Plan. ACU opposes the federal mandate, which will drive up the cost of energy for everyone, and supported this bill. The Senate passed the bill on June 15, 2016 by a vote of 38-11.

---

7. **SB 703 Plumber's License Regulations.** This bill creates a new bureaucracy, the State Board of Plumbing Contractors, to establish a plumbers' licensing program. To obtain government approval for the title "master plumber," the applicant must have 8,000 hours of experience and 576 hours of technical school education as well as paying a fee. When entrepreneurship is suppressed, the resulting decline in economic growth leads to a reduction in family prosperity, as illustrated by the ACU Foundation's Family Prosperity Index. ACU opposes the proliferation of licensing requirements, which are primarily designed to reduce competition, and opposed this bill. The Senate passed the bill on June 29, 2016 by a vote of 45-5.

---

8. **SB 1267 Automated Red Light Cameras.** This bill extends the automated red light program in Philadelphia and other selected municipalities by ten years. The authority for the cameras was due to expire this year. ACU opposes the automated red light program, which is designed to produce revenue rather than increase safety, and opposed this bill. The Senate passed the bill on June 29, 2016 by a vote of 45-5.

---

9. **HB 1198 Tax Increases.** This bill increases taxes on digital downloads and cigarettes and creates a 40% tax increase on the wholesale price of vaping products, while at the same time increasing tax credits for waterfront development, video game producers and other companies favored by the government. ACU opposes yielding to calls for tax hikes, especially when the legislature held the line on taxes in 2015, and opposed this bill. The House passed the bill on June 13, 2016 by a vote of 116-75. The Senate passed the bill on July 13, 2016 by a vote of 28-22.

---

10. **SB 1341 Performance-Based Budgeting.** This bill requires the Secretary of the Budget and the Independent Fiscal Office to set up a program requiring each department and agency to justify their existing programs before receiving appropriations for these programs. ACU supports strengthening the oversight of government spending and supported this bill. The Senate passed the bill on September 28, 2016 by a vote of 33-17.

---

11. **SB 1330 Municipal Firearm Regulations.** This bill, designed to replace a law struck down by the state Supreme Court on a technicality, prevents municipal governments from imposing restrictions on firearms that are more restrictive than state law. ACU supports the Founders' belief in the Second Amendment and supported this bill. The Senate passed the bill on October 17, 2016 by a vote of 30-19.

12. **SB 286 Delaware River Port Authority Transparency.** This bill reforms and opens up to the public the bi-state agency, which is run jointly by Pennsylvania and New Jersey. Among other provisions, the DRPA no longer can engage in “economic development activity,” must follow the open meetings and open records law, and be subject to audits. ACU supports increased government transparency and supported this bill. The Senate passed the bill on October 18, 2016 by a vote of 37-13.

---

  13. **HB 1618 Permanent Office of Inspector General.** This bill establishes a permanent independent office of Inspector General to conduct investigations and prevent fraud and abuse. The current office of Inspector General was created by executive order and can be eliminated the same way. ACU supports strengthening oversight of government programs and supported this bill. The Senate passed the bill on October 24, 2016 by a vote of 29-18.

---

  14. **HB 263 Hunting Regulations.** This bill legalizes the use of semiautomatic rifles for hunting. Pennsylvania and Delaware were two of the last states to ban the practice. ACU supports reasonable regulatory reform and supported this bill. The Senate passed the bill on October 26, 2016 by a vote of 40-7.

---

  15. **HB 319 Unemployment Benefits for Seasonal Workers.** This bill gives unemployment compensation to seasonal workers and changes the formula for eligibility to allow them to earn more money during their seasonal work and still receive unemployment compensation. ACU believes unemployment compensation should be designed for those who lose their job due to unforeseen circumstances and not as a permanent source of annual income and opposed this bill. The Senate passed the bill on October 26, 2016 by a vote of 39-8.

---

  16. **SB 562 Regulatory Oversight.** This bill strengthens the powers of the Independent Regulatory Review Commission requiring that proposed regulations be provided to committee members at least 24 hours before consideration and that the Commission cannot act on a regulation for 30 days if a committee of the General Assembly gives notification that it disapproves. ACU supports efforts to make government more transparent and methods to increase regulatory oversight and supported this bill. The Senate passed the bill on October 26, 2016 by a vote of 31-16.

---

  17. **HB 1885 Sanctuary Cities.** This bill establishes sanctions against sanctuary cities that refuse to cooperate with federal immigration authorities and makes them liable for harm caused by an illegal immigrant who commits a crime after being released from custody. ACU supports the enforcement of federal immigration laws and supported this bill. The Senate passed the bill on October 26, 2016 by a vote of 34-14.

ACU supports the enforcement of federal immigration laws and supported this bill. The House passed the bill on October 17, 2016 by a vote of 136-55.
-
14. **HB 1280 Plastic Bag Ban.** This bill prohibits municipalities from banning plastic bags, or imposing a fee for the use of a plastic bag. -
16. **HB 319 Unemployment Benefits for Seasonal Workers.** This bill gives unemployment compensation to seasonal workers and changes the formula for eligibility to allow them to earn more money during their seasonal work and still receive unemployment compensation. The House passed the bill on October 26, 2016 by a vote of 161-30.
-
17. **SB 562 Regulatory Oversight.** This bill strengthens the powers of the Independent Regulatory Review Commission requiring that proposed regulations be provided to committee members at least 24 hours before consideration and that the Commission cannot act on a regulation for 30 days if a committee of the General Assembly gives notification that it disapproves of a regulation. -
