LETTER FROM THE CHAIRMAN

Dear Fellow Conservatives,

We are pleased to present the American Conservative Union Foundation's ratings for the 2016 meeting of the South Carolina Legislature. Like our Congressional Ratings, our State Ratings reflect how elected officials view the role of government in an individual's life. The South Carolina legislators with the highest scores voted most consistently with the ideals articulated in the U.S. Constitution: limited and transparent government, individual rights, personal responsibility, and lasting cultural values.

In 2015, ACU Foundation was proud to make history by being the first organization to rate every single state legislature across the full spectrum of issues, helping each voter understand how his or her state ranks among the rest.

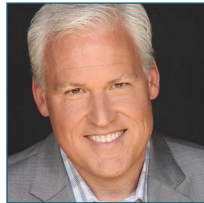

Ultimately, we are trying to help people understand what conservatism *is* and how it improves the lives of everyday Americans. Conservatism is the political philosophy that sovereignty resides in the person. We think that understanding this idea is essential if Americans are to successfully govern themselves again.

Working with our policy centers and fellows, the ACU Foundation engages in deep policy analysis to help create our annual state scorecards. We have enhanced the vote descriptions this year to show this effort more clearly.

By examining all 50 of our State Ratings, we can see which states have most effectively promoted conservative solutions and which have struggled. Our ratings also help identify legislators who have courageously fought against liberal majorities. We hope that this guide helps you learn how well, or poorly, your legislators work to preserve the values we share.

Sincerely,

Matt Schlapp

SELECTING THE VOTES

ACU researched and selected a range of bills before the South Carolina Legislature that determine a member's adherence to conservative principles. We selected bills that focus on Ronald Reagan's philosophy of the "three-legged stool": 1) *fiscal and economic*: taxes, budgets, regulation, spending, healthcare, and property; 2) *social and cultural*: 2nd amendment, religion, life, welfare, and education; and 3) *government integrity*: voting, individual liberty, privacy, and transparency. This wide range of issues are designed to give citizens an accurate assessment that conveys which of South Carolina's elected leaders best defend the principles of a free society: Life, Liberty and Property.

SOUTH CAROLINA SENATE VOTE DESCRIPTIONS

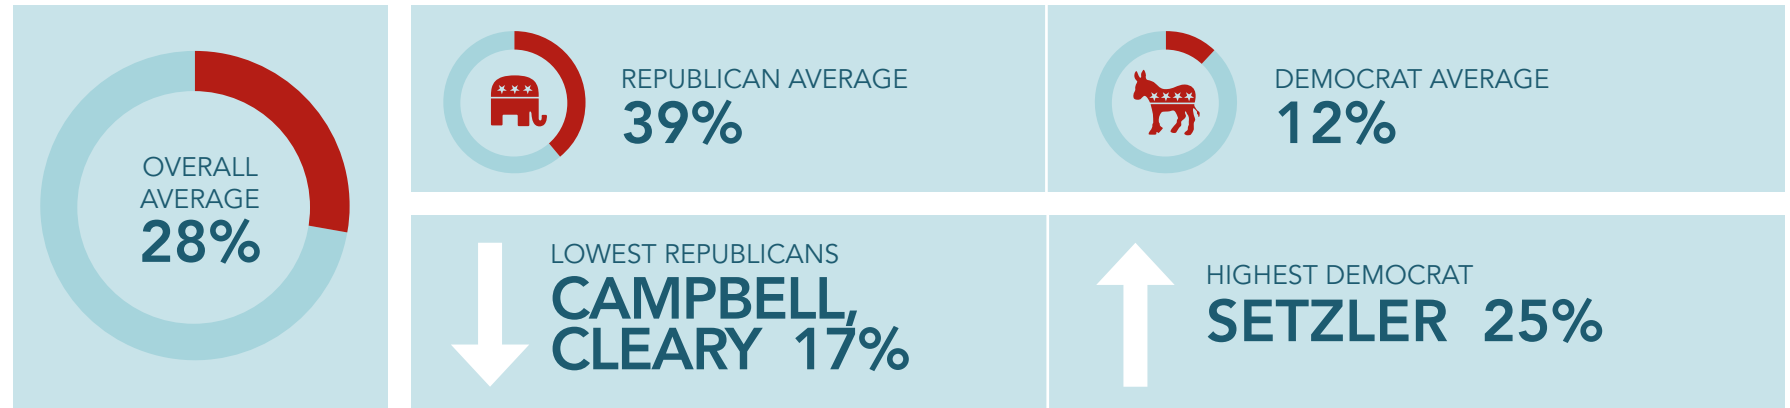

1. **H 3874 Geothermal Subsidies.** This bill provides a 25 percent tax credit for the purchase and installation of geothermal machinery and equipment. The credit is capped at \$3,500 per year or 50 percent of the taxpayer's liability for that taxable year. ACU supports all forms of energy, believes government should not favor one form of energy over another, and opposed this bill. The Senate passed the bill on January 28, 2016 by a vote of 31-9.
2. **S 589 Music Therapy License.** This bill creates a new bureaucracy to administer licenses to practice music therapy. Qualifications include a bachelor's degree, 1,200 hours of clinical training and 900 hours in an internship. The licensee must commit to taking 40 hours of continuing education each year that is approved by the Music Therapy Board. When entrepreneurship is suppressed, the resulting decline in economic growth leads to a reduction in family prosperity, as illustrated by the ACU Foundation's Family Prosperity Index. ACU opposes the proliferation of licenses in many states and opposed this bill. The Senate passed the bill on February 2, 2016 by a vote of 35-7.
3. **S 626 Solar Energy Subsidies.** This bill gives special property tax deductions to homeowners who install a solar power system. ACU supports all forms of energy, does not believe government should favor one form of energy over another, and opposed this bill. The Senate passed the bill on March 1, 2016 by a vote of 32-0.
4. **S 1035 Telemedicine Regulations.** This bill allows doctors to treat patients through telemedicine technology, such as videoconferencing, so long as they adhere to the same standard of care as if seeing the patients in person. ACU supports regulation reform that helps patients and reduces the cost of health care and supported this bill. The Senate passed the bill on March 2, 2016 by a vote of 37-0.
5. **H 3114 Late Term Abortions.** This bill bans abortions after the first 20 weeks of pregnancy. ACU Foundation's Center for Human Dignity engages heavily on these issues and believes abortion is a human tragedy, supports restrictions on the practice, and ACU supported this bill. The Senate passed the bill on March 8, 2016 by a vote of 36-9.
6. **S 771 Recreational Vehicle Sales Regulations.** This bill sets up a series of competition-reducing obstacles to prevent anyone other than a dealership from selling an RV. The bill requires a person to obtain a special license for exhibiting an RV at any event, fairs, or conventions, in addition to a dealer's license. It also forces a person to post a surety bond of \$30,000 and maintain a "bona fide" place of business that exclusively sells RVs. The bill further mandates the type of signage and amount of floor space the place of business must have. When entrepreneurship is suppressed, the resulting decline in economic growth leads to a reduction in family prosperity, as illustrated by the ACU Foundation's Family Prosperity Index. ACU opposes regulations that are primarily designed to reduce competition and opposed this bill. The Senate passed the bill on April 5, 2016 by a vote of 37-3.
7. **S 1075 Alternative Fuel Subsidies.** This bill provides an income tax credit equal to 25 percent of the cost of purchasing or constructing property that distributes or stores alternative fuel. It also permits an income tax credit for purchasing a natural gas vehicle. ACU supports all forms of energy, opposes government favoring one form of energy over another, and opposed this bill. The Senate passed the bill on April 7, 2016 by a vote of 36-1.
8. **H 3189 Political Speech.** This bill requires any organization that makes any "reference" to a candidate within 60 days of a general election or 30 days of a primary election to disclose their donors. ACU opposes this attempt to dampen free political speech and opposed this bill. The Senate defeated a procedural motion to advance the bill on April 14, 2016 by a vote of 28-16 (A two-thirds vote was required. A "No" vote supported the ACU position).
9. **S 719 Personhood Amendment.** This joint resolution proposes a state constitutional amendment to extend to unborn persons, at conception, the right that every person is entitled to due process of law and equal protection under the law. ACU supports strengthening the rights of the unborn and supported this amendment. The Senate defeated a procedural motion to advance the bill on May 11, 2016 by a vote of 24-16 (A two-thirds vote was required. A "Yes" vote supported the ACU position).
10. **H 4817 Insurance Sales Regulations.** This bill requires an independent businessperson who sells insurance to furnish a complete set of fingerprints certified by the South Carolina Enforcement Division and undergo a state and national criminal records check at the applicant's own expense. When entrepreneurship is suppressed, the resulting decline in economic growth leads to a reduction in family prosperity, as illustrated by the ACU Foundation's Family Prosperity Index. ACU opposes these regulations that are primarily designed to discourage competition, and opposed this bill. The Senate passed the bill on May 11, 2016 by a vote of 38-3.
11. **H 4999 Good Samaritan Protection.** This bill give immunity from liability, unless gross negligence is involved, for physicians who provide services free of charge. ACU supports the ability of physicians to offer care free of charge if they desire and supported this bill. The Senate passed the bill on May 12, 2016 by a vote of 41-0.
12. **S 1016 Banning Online Eye Exams.** This bill prohibits companies from issuing prescriptions for eyeglasses and contact lenses on the basis of eye exams conducted online by companies, such as Operative, that conduct exams via computer and smartphone. When entrepreneurship is suppressed, the resulting decline in economic growth leads to a reduction in family prosperity, as illustrated by the ACU Foundation's Family Prosperity Index. ACU opposes regulations that are primarily designed to restrict competition and opposed this bill. The Senate voted to override the Governor's veto on May 18, 2016 by a vote of 39-3.

-
13. **H 4717 Additional Funds for Farmer Flood Relief.** This bill provides for an additional \$40 million in cash payments for farmers affected by the 2015 flood. ACU opposes singling out farmers for cash funds following federal and state disaster relief, federal subsidy programs that cover 85% of their business losses and taxpayer subsidies for 62% of their crop insurance costs that no other small business receives and opposed this bill. The Senate voted to override the Governor's veto on May 18, 2016 by a vote of 39-3.
-
14. **H 4542 Right To Try.** This bill would allow patients with terminal illnesses to obtain experimental drugs from manufacturers without first obtaining approval from the federal Food and Drug Administration. ACU believes it is absurd for government to deny someone access to a potentially life-saving drug when they are terminally ill, and supported this bill. The Senate passed the bill on May 26, 2016 by a vote of 42-0.
-
15. **H 4327 Prohibiting the Opening of Hospices.** This bill prohibits opening more than one hospice location in the same county and requires each location to obtain its own license from the Department of Health and Environmental Control. The bill also sets up a task force to implement a Certificate of Need program. ACU opposes these regulations that are primarily designed to reduce competition, opposes Certificate of Need programs that allow the government to decide whether a new business is "justified by need," and opposed this bill. The Senate passed the bill on May 31, 2016 by a vote of 45-0.
-
16. **H 3799 Firearms Reciprocity.** This bill adds Georgia to the list of states whose right-to-carry firearm permits will be recognized in South Carolina. ACU supports the founders' belief in the Second Amendment and supported this bill. The Senate passed the bill on June 1, 2016 by a vote of 35-3.
-
17. **S 980 Restrictions on Mobile Veterinarian Practices.** This bill prohibits a mobile veterinary practice from being "within eyesight" of a privately owned veterinary practice. When entrepreneurship is suppressed, the resulting decline in economic growth leads to a reduction in family prosperity, as illustrated by the ACU Foundation's Family Prosperity Index. ACU opposes regulations that are primarily designed to restrict competition and opposed this bill. The Senate voted to override the Governor's veto on June 15, 2016 by a vote of 37-4.
-
18. **H 5001 Sumter Environmental Center Earmark.** The Fiscal Year 2017 Appropriations bill earmarks \$300,000 of the Department of Parks, Recreation and Tourism for the Sumter Environmental Center. ACU opposes earmarks for local projects with no objective criteria and supported Governor Nicky Haley's line-item veto of this appropriation. The Senate voted to override the Governor's veto on June 15, 2016 by a vote of 28-12.
-
19. **H 5001 Architectural Heritage Preservation Earmark.** The Fiscal Year 2017 Appropriations Bill earmarks \$2.3 million for "heritage preservation projects." ACU agrees with Governor Haley's line-item veto of this earmark that sends pass-through funds to private entities based on "recommendations" from local legislators rather than objective criteria. The Senate voted to override the Governor's line-item veto on June 15, 2016 by a vote of 37-4.
-
20. **H 5001 Outreach Education Earmark.** The Fiscal Year 2017 appropriations bill earmarks \$1.6 million to the Department of Natural Resources for "Outreach Education." ACU agrees with Governor Haley's line-item veto of this earmark that sends pass-through funds to private entities based on "recommendations" from local legislators rather than objective criteria. The Senate voted to override the Governor's line-item veto on June 15, 2016 by a vote of 35-5.
-
21. **H 5001 Football Stadium Expansion.** The Fiscal Year 2017 appropriations bill approved a football stadium expansion for Coastal Carolina University to be paid for with tuition-backed debt. ACU agrees with Governor Haley's line-item veto of this provision for a project whose estimated costs have doubled in less than one year. The Senate voted to override the Governor's line-item veto on June 15, 2016 by a vote of 27-13.
-
22. **H 5001 Artisans Center Subsidies.** The Fiscal Year 2017 appropriations bill earmarks \$500,000 in funds for the South Carolina Artisans Center. ACU agrees with Governor Haley's line-item veto of this earmark for a privately operated Center that already receives federal funds, private donations, and charges fees for admittance. The Senate voted to override the Governor's line-item veto on June 15, 2016 by a vote of 27-11.
-
23. **H 5001 Parks Department Earmarks.** The Fiscal Year 2017 appropriations bill earmarks \$5 million for a Parks and Recreation Development Fund. ACU agrees with Governor Haley's veto of this earmark as wasteful spending on a fund that has been used for legislative pet projects such as a "Green Bean Museum." The Senate voted to override the Governor's veto on June 15, 2016 by a vote of 35-4.
-
24. **H 5270 Government Collection of Private Dues.** This bill allows dues for the Society of Former Agents of the South Carolina Law Enforcement Division to be automatically deducted from government pension payments to retirees. ACU does not believe government should act as a collection agent for a single private organization and opposed this bill. The Senate voted to override the Governor's veto of the bill on June 15, 2016 by a vote of 29-10.
