LETTER FROM THE CHAIRMAN

Dear Fellow Conservatives,

We are pleased to present the American Conservative Union Foundation's ratings for the 2016 meeting of the South Dakota Legislature. Like our Congressional Ratings, our State Ratings reflect how elected officials view the role of government in an individual's life. The South Dakota legislators with the highest scores voted most consistently with the ideals articulated in the U.S. Constitution: limited and transparent government, individual rights, personal responsibility, and lasting cultural values.

In 2015, ACU Foundation was proud to make history by being the first organization to rate every single state legislature across the full spectrum of issues, helping each voter understand how his or her state ranks among the rest.

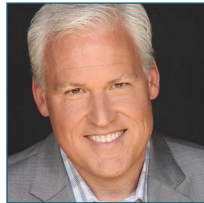

Ultimately, we are trying to help people understand what conservatism *is* and how it improves the lives of everyday Americans. Conservatism is the political philosophy that sovereignty resides in the person. We think that understanding this idea is essential if Americans are to successfully govern themselves again.

Working with our policy centers and fellows, the ACU Foundation engages in deep policy analysis to help create our annual state scorecards. We have enhanced the vote descriptions this year to show this effort more clearly.

By examining all 50 of our State Ratings, we can see which states have most effectively promoted conservative solutions and which have struggled. Our ratings also help identify legislators who have courageously fought against liberal majorities. We hope that this guide helps you learn how well, or poorly, your legislators work to preserve the values we share.

Sincerely,

Matt Schlapp

SELECTING THE VOTES

ACU researched and selected a range of bills before the South Dakota Legislature that determine a member's adherence to conservative principles. We selected bills that focus on Ronald Reagan's philosophy of the "three-legged stool": 1) *fiscal and economic*: taxes, budgets, regulation, spending, healthcare, and property; 2) *social and cultural*: 2nd amendment, religion, life, welfare, and education; and 3) *government integrity*: voting, individual liberty, privacy, and transparency. This wide range of issues are designed to give citizens an accurate assessment that conveys which of South Dakota's elected leaders best defend the principles of a free society: Life, Liberty and Property.

SOUTH DAKOTA SENATE VOTE DESCRIPTIONS

1. **SB 16 Garden Nursery License Regulations.** This bill requires garden nursery operators to obtain a state license that comes with a fee based on the size of the business. They will also be required to pay an additional “inspection” fee of \$250. Research based on the ACU Foundation’s Family Prosperity Index shows that when entrepreneurship is suppressed, the resulting decline in economic growth leads to a reduction in family prosperity. ACU opposes the proliferation of license requirements for businesses, discourages bills designed to restrict competition and opposed this bill. The Senate passed the bill on February 23, 2016 by a vote of 30-5.

2. **SB 159 School Choice.** This bill establishes a new scholarship program, the Partners in Education Tax Credit Program. Scholarships for low-income students to attend either public or private schools are funded by insurance companies which will receive an 80 percent tax credit for contributions to organizations that provide the scholarships and is the first school choice program in South Dakota to include private schools. ACU supports school choice and supported this bill. The Senate passed the bill on February 24, 2016 by a vote of 24-11.

3. **HB 1213 Corporate Subsidies.** This bill authorizes the “Building South Dakota Program,” a program that authorizes the Governor’s Office of Economic Development, to give tax breaks to companies it deems to include “innovative technologies” and “original research.” This program was defeated in a 2012 referendum. ACU opposes these corporate subsidies that select specific businesses over others to receive taxpayer funding, which places a higher tax burden on those not favored by the government, and opposed this bill. The Senate passed the bill on February 29, 2016 by a vote of 29-6.

4. **HB 1182 Sales Tax Increase.** This bill increases the state sales tax by one-half percent to fund a teacher pay increase. Research based on the ACU Foundation’s Family Prosperity Index shows that higher tax burdens suppress economic growth, which reduces family prosperity. ACU opposes needless tax increases at a time when large school reserve funds and existing state revenues could pay for the increases and opposed this bill. The Senate passed the bill on March 1, 2016 by a vote of 25-10 (a two-thirds vote was required).

5. **HB 1177 Solar Energy Subsidies.** This bill changes the way solar energy facilities are taxed to match the method used for wind energy facilities which are taxed at a much lower rate than other production facilities. ACU supports the production and fair competition of energy, believes the state should find a fair method to tax all forms of energy, and opposed this bill. The Senate passed the bill on March 3, 2016 by a vote of 33-1.

6. **HB 1094 Fertilizer Inspection Fees.** This bill triples fertilizer inspection fees to pay for a new bureaucracy, the Nutrient Research and Education Council, to conduct research on fertilizer. ACU opposes this mandatory tax on businesses for a program that should be financed on a voluntary basis by the industry and opposed this bill. The Senate passed the bill on March 3, 2016 by a vote of 28-6.

7. **HB 1110 Illegal Immigrant Benefits.** This bill provides taxpayer funded healthcare for illegal immigrants. ACU opposes special benefits for illegal immigrants and opposed this bill. The Senate passed the bill on March 7, 2016 by a vote of 22-11.

8. **HB 1157 Informed Consent for Abortions.** This bill requires that doctors inform pregnant mothers on a number of abortion related topics, including that chemical abortions can be reversed if action is quickly taken and that an abortion will terminate the life of a whole, separate, unique, living human being. ACU Foundation’s Center for Human Dignity engages heavily on these issues and believes abortion is a human tragedy, supports restrictions on the practice and educating patients, and ACU supported this bill. The Senate passed the bill on March 7, 2016 by a vote of 29-4.

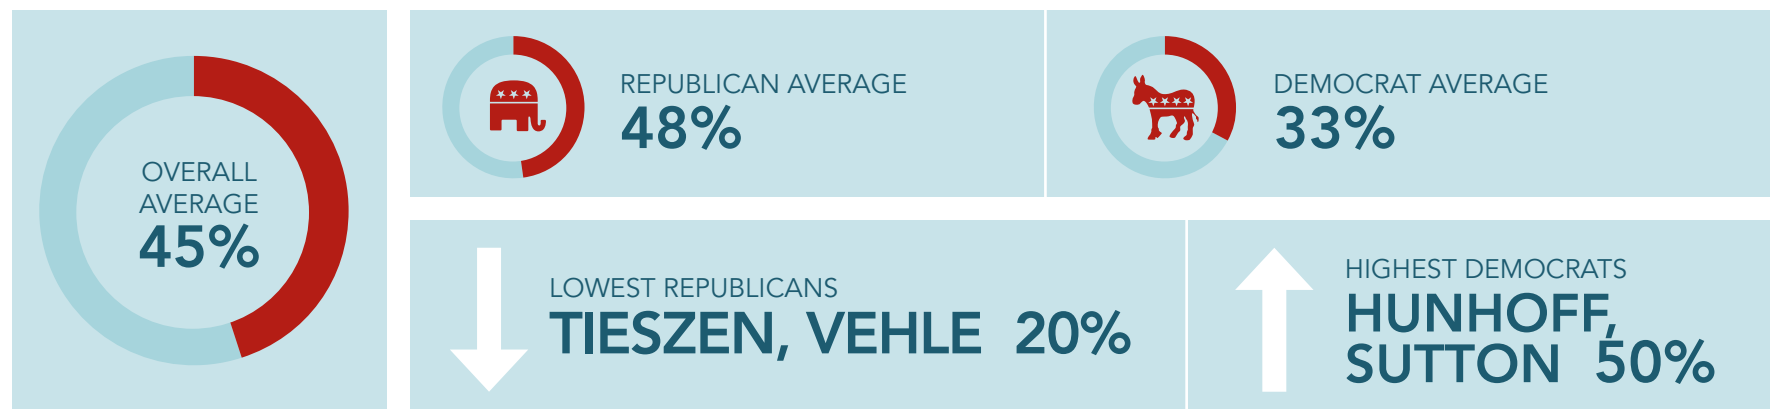

9. **HB 1091 Ridesharing Regulations.** This bill allows ridesharing companies, such as Uber and Lyft, to operate in South Dakota. It also pre-empts local regulations that require companies and personnel to acquire commercial license plates and commercial driver’s licenses. Research based on the ACU Foundation’s Family Prosperity Index shows that expanded entrepreneurship promotes economic growth, allowing families to prosper. ACU supports a free market in ride-sharing and supported this bill. The Senate passed the bill on March 8, 2016 by a vote of 35-0.

10. **SB 72 Abortion Restrictions.** This bill prohibits abortions after 20 weeks of pregnancy when the unborn child is capable of feeling pain, except in the case of a “medical emergency.” Research based on the ACU Foundation’s Family Prosperity Index indicates that declining birth rates ultimately hinder economic growth, which negatively effects family prosperity. ACU believes abortion is a human tragedy, supports restrictions on the practice and supported this bill. The Senate passed the bill on March 9, 2016 by a vote of 26-7.
