## LETTER FROM THE CHAIRMAN

Dear Fellow Conservatives,

We are pleased to present the American Conservative Union Foundation's ratings for the 2016 meeting of the Utah State Legislature. Like our Congressional Ratings, our State Ratings reflect how elected officials view the role of government in an individual's life. The Utah legislators with the highest scores voted most consistently with the ideals articulated in the U.S. Constitution: limited and transparent government, individual rights, personal responsibility, and lasting cultural values.

In 2015, ACU Foundation was proud to make history by being the first organization to rate every single state legislature across the full spectrum of issues, helping each voter understand how his or her state ranks among the rest.

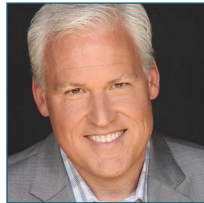

Ultimately, we are trying to help people understand what conservatism *is* and how it improves the lives of everyday Americans. Conservatism is the political philosophy that sovereignty resides in the person. We think that understanding this idea is essential if Americans are to successfully govern themselves again.

Working with our policy centers and fellows, the ACU Foundation engages in deep policy analysis to help create our annual state scorecards. We have enhanced the vote descriptions this year to show this effort more clearly.

By examining all 50 of our State Ratings, we can see which states have most effectively promoted conservative solutions and which have struggled. Our ratings also help identify legislators who have courageously fought against liberal majorities. We hope that this guide helps you learn how well, or poorly, your legislators work to preserve the values we share.

Sincerely,

Matt Schlapp  
Chairman  
American Conservative Union

## SELECTING THE VOTES

ACU researched and selected a range of bills before the Utah State Legislature that determine a member's adherence to conservative principles. We selected bills that focus on Ronald Reagan's philosophy of the "three-legged stool": 1) *fiscal and economic*: taxes, budgets, regulation, spending, healthcare, and property; 2) *social and cultural*: 2nd amendment, religion, life, welfare, and education; and 3) *government integrity*: voting, individual liberty, privacy, and transparency. This wide range of issues are designed to give citizens an accurate assessment that conveys which of Utah's elected leaders best defend the principles of a free society: Life, Liberty and Property.

## UTAH SENATE VOTE DESCRIPTIONS

1. **SB 45 Decriminalizing Truancy.** This bill eliminates prison sentences and heavy fines for parents whose children are absent from school more days than the school allows. Research based on the ACU Foundation's Family Prosperity Index indicates that over-criminalization has a negative effect on the economy and the family dynamic. ACU opposes criminalizing common problems, such as truancy, and supported this bill. The Senate passed the bill on February 17, 2016 by a vote of 22-5.

---

2. **SB 108 Birthing Centers.** This bill prohibits the Department of Health and the Health Facility Committee from preventing the expansion of birthing centers by imposing mandates that are impossible to fulfill. ACU opposes regulations that are primarily designed to restrict competition and keep prices high for consumers and supported this bill. The Senate passed the bill on February 22, 2016 by a vote of 24-2.

---

3. **HB 67 Firearm Regulations.** This bill ends the prohibition on carrying a firearm on a bus for self-defense. ACU supports the founders' belief in the Second Amendment and supported this bill. The Senate passed the bill on February 22, 2016 by a vote of 24-2.

---

4. **HB 41 Government Run Day Care.** This bill allows elementary schools to offer parents a paid service for extra hours of daycare for kindergarten students. It also requires the government to pay the cost of those who say they can't afford it. ACU opposes a program benefiting from government money that, in effect, competes against private day care centers for customers and opposed this bill. The Senate defeated the bill on February 24, 2016 by a vote of 11-14.

---

5. **SB 180 Tax Increase.** This bill removes Salt Lake City's option to impose a sales tax increase after they were selected as the site for a new state prison. ACU opposes needless tax increases that, in this case, would raise the local sales tax to over 7 percent and supported this bill. The Senate defeated the bill on March 1, 2016 by a vote of 13-15.

---

6. **SB 107 Hate Crimes.** This bill creates new penalties for old crimes if, in the opinion of the government, a victim was targeted because of "his or her belief or perception regarding the victim's race, religion, national origin, or sexual orientation." ACU opposes efforts to establish double jeopardy criminal laws based on people's thoughts and opposed this bill. The Senate defeated the bill on March 2, 2016 by a vote of 11-17.

---

7. **HB 251 Employer Mandates.** This bill bans employers from including "non-compete" clauses in employee contracts, even if just for other companies in their field. ACU opposes mandates that interfere with the free market and the right of both employees and employers to negotiate their own contracts and opposed this bill. The Senate passed the bill on March 8, 2016 by a vote of 22-6.

---

8. **HB 87 Fuel Subsidies.** This bill sets up a new \$500,000 grant program to subsidize those who convert their vehicles to a government-approved fuel system. ACU supports all forms of energy, opposes the government favoring one form of energy over another, and opposed this bill. The Senate passed the bill on March 10, 2016 by a vote of 25-2.

---

9. **SB 115 Solar Subsidies.** This bill ends the requirement that utility companies give a 30% subsidy to users of solar power and instead requires solar energy customers to bear the same costs as other customers. ACU supports all forms of energy, opposes government favoring one form of energy over another, and supported this bill. The Senate passed the bill on March 10, 2016 by a vote of 20-8.

---

10. **SB 153 Welfare Reform.** This bill requires welfare applicants to receive training and education in self-reliance during the first three months of receiving benefits. Research based on the ACU Foundation's Family Prosperity Index shows that families and the economy do better when people are employed, especially in private sector jobs. ACU supports reasonable requirements for welfare recipients, particularly those that will help them become self-sufficient, and supported this bill. The Senate passed the bill on March 10, 2016 by a vote of 24-3.

---

11. **SB 234 Abortion Regulations.** This bill requires a physician performing an abortion to administer anesthetics to a fetus if the pregnancy has lasted over 20 weeks. Research based on the ACU Foundation's Family Prosperity Index indicates that declining birth rates ultimately hinder economic growth, which negatively effects family prosperity. ACU believes abortion is a human tragedy, supports restrictions on the practice and supported this bill. The Senate passed the bill on March 10, 2016 by a vote of 25-3.

---

12. **HB 250 Water Heater Mandates.** This bill limits the sale of water heaters to only those classified as ultra-low nitrogen oxide burning natural gas water heaters as of July 2018. ACU opposes these mandates that interfere with the free market and drive up the cost of water heaters to consumers and opposed this bill. The Senate passed the bill on March 10, 2016 by a vote of 23-3.

---

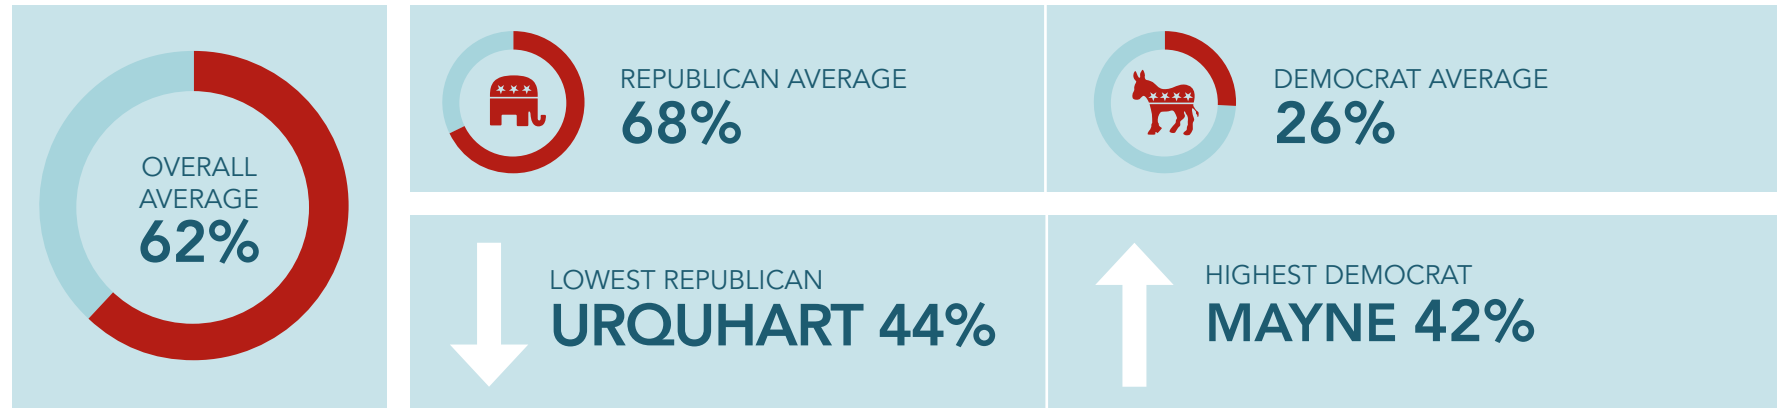

13. **HB 298 Firearm Seller Protection.** This bill protects those who sell firearms from frivolous lawsuits when a third party uses a firearm unlawfully. ACU supports this type of tort reform and supported this bill. The Senate passed the bill on March 10, 2016 by a vote of 18-3.
