## LETTER FROM THE CHAIRMAN

Dear Fellow Conservatives,

We are pleased to present the American Conservative Union Foundation's ratings for the 2016 meeting of the Wyoming Legislature. Like our Congressional Ratings, our State Ratings reflect how elected officials view the role of government in an individual's life. The Wyoming legislators with the highest scores voted most consistently with the ideals articulated in the U.S. Constitution: limited and transparent government, individual rights, personal responsibility, and lasting cultural values.

In 2015, ACU Foundation was proud to make history by being the first organization to rate every single state legislature across the full spectrum of issues, helping each voter understand how his or her state ranks among the rest.

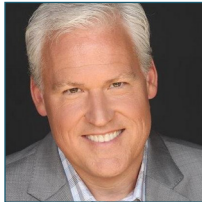

Ultimately, we are trying to help people understand what conservatism *is* and how it improves the lives of everyday Americans. Conservatism is the political philosophy that sovereignty resides in the person. We think that understanding this idea is essential if Americans are to successfully govern themselves again.

Working with our policy centers and fellows, the ACU Foundation engages in deep policy analysis to help create our annual state scorecards. We have enhanced the vote descriptions this year to show this effort more clearly.

By examining all 50 of our State Ratings, we can see which states have most effectively promoted conservative solutions and which have struggled. Our ratings also help identify legislators who have courageously fought against liberal majorities. We hope that this guide helps you learn how well, or poorly, your legislators work to preserve the values we share.

Sincerely,

Matt Schlapp  
Chairman  
American Conservative Union

## SELECTING THE VOTES

ACU researched and selected a range of bills before the Wyoming Legislature that determine a member's adherence to conservative principles. We selected bills that focus on Ronald Reagan's philosophy of the "three-legged stool": 1) *fiscal and economic*: taxes, budgets, regulation, spending, healthcare, and property; 2) *social and cultural*: 2nd amendment, religion, life, welfare, and education; and 3) *government integrity*: voting, individual liberty, privacy, and transparency. This wide range of issues are designed to give citizens an accurate assessment that conveys which of Wyoming's elected leaders best defend the principles of a free society: Life, Liberty and Property.

## WYOMING SENATE VOTE DESCRIPTIONS

1. **SF 84 Government Health Mandates.** This bill adds “long-acting reversible contraception” and a number of other contraception devices to a list of contraception services the Wyoming Department of Family Services must provide. ACU opposes taxpayer funding of these programs and opposed this bill. The Senate defeated the bill on February 12, 2016 by a vote of 12-18.
2. **SF 98 Food Freedom.** This bill further strengthens the Wyoming Food Freedom Act passed last session by now permitting the sale of homemade foods at a ranch, farm, or home where it is produced. ACU supports common sense regulatory reform and supported this bill. The bill ultimately died after the Senate voted to refer the bill to the agricultural committee on February 12, 2016 by a vote of 26-3.
3. **SF 1 Amd. 3046 Obamacare Implementation.** Amendment number 3046 to the General Appropriations bill provides for the expansion of Medicaid under Obamacare. Research based on the ACU Foundation’s Family Prosperity Index shows that expanding Medicaid harms families and the economy. ACU opposes the expansion of a program rife with waste and fraud and opposed this amendment. The Senate defeated the amendment on February 12, 2016 by a vote of 9-21.
4. **SF 1 Amd. 2006 Government Information Service.** Amendment number 2006 to the General Appropriations bill provides for a \$200,000 earmark for a government information service, called the “2-1-1” program. The program provides information in 150 languages on where to find services from food banks to where to send your child to summer camp. ACU opposes wasting the taxpayers’ money on a service that is easily available through private enterprise and opposed this amendment. The Senate defeated the amendment on February 12, 2016 by a vote of 10-20.
5. **SF 1 Amd. 2013.1 Expanding the Bureaucracy.** Amendment number 2013.1 to the General Appropriations bill provides for \$135,925 to fund a new coordinator position for the State Board of Education. The amendment authorizes the position for only one year, when a report is to be issued on whether the position is needed. ACU believes the decision on whether a new government position is needed should be made before, not after, it’s created and opposed this amendment. The Senate passed the amendment on February 12, 2016 by a vote of 18-12.
6. **SF 1 Amd. 2028 Tourism Board.** Amendment number 2028 to the General Appropriations bill increases funding for the Wyoming Tourism Board by \$1.6 million. ACU opposes taxpayers’ money being used for advertising that can be handled by private enterprise and opposed this amendment. The Senate defeated the amendment on February 12, 2016 by a vote of 6-23.
7. **SF 46 Civil Asset Forfeiture.** This bill adds requirements that law enforcement agencies must follow before assets can be seized. The government must show “clear and convincing evidence” of a crime and law enforcement officers must get an opinion from the Attorney General before proceeding with a seizure. ACU Foundation’s Center for 21st Century Property Rights engages heavily on this issue and believes more property rights protections are needed. ACU supported this bill as a step in the right direction. The Senate passed the bill on February 16, 2016 by a vote of 30-0.
8. **SF 81 Charter Schools.** This bill allows charter schools to get direct approval from the state to lease property on which to operate. This is permitted if the local school district is not cooperating with the charter schools seeking to acquire property. The cost must be comparable to a K-12 public school. ACU supports school choice and opposes the practice of local school districts discriminating against charter schools and supported this bill. The Senate passed the bill on February 17, 2016 by a vote of 18-12.
9. **HB 88 Zero-Based Budgeting.** This bill eliminates the zero-based budgeting requirements for the Department of Enterprise Technology Services. ACU supports zero-based budgeting – a budgeting process that requires agencies to justify their budget from the ground-up each year – and opposed this bill. The Senate passed the bill on February 26, 2016 by a vote of 20-10.
10. **HB 17 Property Rights.** This bill makes it a misdemeanor to enter private property in order to collect shed antlers, horns, or traps without the permission of the owner or the person in charge of the property. ACU Foundation’s Center for 21st Century Property Rights engages heavily on this issue and believes more property rights are needed. ACU supports strengthening private property rights and supported this bill. The bill failed in the Senate Committee of the Whole on February 29, 2016 by a vote of 9-20.
11. **HB 57 Medicaid Reimbursement Scheme.** This bill forces private hospitals (but not government hospitals) to pay a fee so that the state can then obtain a matching grant from the federal Medicaid fund. These funds will then be used to increase Medicaid reimbursements to hospitals. ACU opposes this manipulation of the wasteful and dysfunctional Medicaid system and opposed this bill. The Senate passed the bill on March 1, 2016 by a vote of 29-1.
12. **SF 73 Welfare Fraud.** This bill requires an enhanced identity and eligibility verification process prior to awarding welfare benefits. Research based on the ACU Foundation’s Family Prosperity Index shows that an overreliance on welfare diminishes recipients’ employment prospects, keeping families out of the workforce and unable to prosper. ACU opposes providing ways for welfare recipients to cheat the system and supports reasonable requirements for welfare recipients and supported this bill. The Senate passed the bill on March 3, 2016 by a vote of 29-1.
