2016 46th Edition RATINGS of CONGRESS

114th United States Congress, Second Session

LETTER FROM THE CHAIRMAN

The American Conservative Union Foundation (ACU) is pleased to present the ratings for the Second Session of the 114th Congress. Now in its 46th year, our Congressional Ratings reflect how elected officials view the role of government in an individual's life. We begin with our philosophy (conservatism is the political philosophy that sovereignty resides in the person) and then apply our understanding of government (its essential role is to defend life, liberty, and property).

Because our ratings are designed to educate the public about how consistently their elected officials adhere to conservatism, we generally do not announce in advance which bills we will score. Rather, we carefully examine the complete record for the full year to select the most meaningful votes and then publish the results after the dust has settled. Separate from these ratings, ACU also rates every elected official in all 50 state legislatures. In all, we rate about 8,000 lawmakers every year across the full spectrum of issues.

This year's Congressional Ratings includes one unusual score. The most consequential action taken by the U. S. Senate in 2016 was to give the American people a voice in the selection of the next Justice to the US Supreme Court. Senators who did not waiver in this historic decision receive double credit for holding firm.

We believe this guide provides the most comprehensive evaluative tool to learn how legislators measure up. We hope that our ratings will continue to encourage Members of Congress to govern in a more conservative manner.

Sincerely,

Matt Schlapp
Chairman
American Conservative Union

SELECTING THE VOTES

ACU researched and selected a range of bills before Congress that determine a member's adherence to conservative principles. We selected bills that focus on Ronald Reagan's philosophy of the "three-legged stool": 1) *fiscal and economic*: taxes, budgets, regulation, spending, healthcare, and property; 2) *social and cultural*: 2nd amendment, religion, life, welfare, and education; and 3) *National Security*: preserving our nation's security by maintaining a strong national defense.

The wide range of issues covered are designed to give citizens an accurate assessment of how Members of Congress best defend the principles of a free society: Life, Liberty, and Property.

The votes selected by the ACU are not always considered the "most important" votes; instead, the selected votes we score help reflect the ideological distinctions among our elected officials.

US SENATE STATISTICS

US SENATORS CONSERVATIVE RATINGS

RED = REPUBLICANS BLUE = DEMOCRATS

US SENATE VOTE DESCRIPTIONS

- 1. Nomination of Merrick Garland to the US Supreme Court.** The most consequential question addressed in the 2016 session was whether to confirm Merrick Garland to the US Supreme Court to replace the late Justice Antonin Scalia. ACU supported Senate Majority Leader Mitch McConnell's historic efforts to allow the electorate to determine the next Supreme Court appointment via casting a vote in the presidential election. ACU gives credit to those 48 Senators who did not waiver on whether Merrick Garland should have a hearing or a vote in the 114th Congress. This matter is double-weighted due to its impact.

- 2. S. 2232 Audit of the Federal Reserve System (Roll Call 2).** This bill requires a full audit of the Federal Reserve System and the Federal Reserve banks by the Comptroller General. ACU supports increasing accountability in government agencies that significantly impact our nation's financial well-being and supported this bill. The Senate defeated a motion to invoke cloture, which would have allowed them to consider the bill, on January 12, 2016 by a vote of 53-44 (60 votes were required).

- 3. P.N. 367 Nomination of Wilhelmina Wright to the US District Court (Roll Call 3).** This vote confirms the nomination of Wilhelmina Wright to be United States District Judge for the District of Minnesota. ACU opposed the nomination of Wright, who has equated property rights with racism and wrote that a free market economy is responsible for bigotry, poverty, and poor educational opportunities for most public school students. The Senate voted to confirm the nomination on January 19, 2016 by a vote of 58-36.

- 4. S.J. Res. 22 Rejecting the Waters of the United States Rule (Roll Call 5).** Under the Congressional Review Act, the Senate voted on and passed a Resolution of Disapproval to reject the Waters of the United States rule. That rule dramatically expands the federal government's definition of "navigable waterways" to give it authority over streams and ponds. The resolution was vetoed by the president. ACU opposes the absurd desire of federal bureaucrats to expand the government's regulatory scope by claiming ownership over small amounts of water and supported the Senate's rejection of the rule. The Senate failed to invoke cloture, which would have allowed them to consider overriding the president's veto, on January 21, 2016 by a vote of 52-40 (60 votes were required).

- 5. S. 2012 Lee Amendment Presidential Authority to Declare National Monuments (Roll Call 10).** The Sen. Mike Lee (R-UT) amendment to the North American Energy Security and Infrastructure Act of 2016 ("Energy Bill") would put restrictions on the president's ability to declare national monuments by requiring federal and state laws also approving the monuments. ACU opposes the overuse of national monument designations, which are supposed to be reserved for important historical landmarks, and supported this amendment. The Senate defeated the amendment on February 2, 2016 by a vote of 47-48.

- 6. S. 524 Shaheen Amendment More Emergency Spending (Roll Call 30).** The Sen. Jeanne Shaheen (D-NH) amendment to the Comprehensive Addiction and Recovery Act adds \$600 million in additional "emergency" spending, thus adding to the deficit. ACU opposes the constant use of "emergency" spending, which avoids offsetting spending reductions to pay for it, and opposed this amendment. The Senate passed the amendment on March 2, 2016 by a vote of 48-47.

- 7. P.N. 1152 Nomination of John King as Secretary of Education (Roll Call 36).** This vote confirms the nomination of John King as Secretary of Education. ACU opposed the nomination of someone who, as New York State Education Commissioner, imposed Common Core and advocated for a national student database that would share nationwide children's sensitive information, such as disabilities and disciplinary records. The Senate voted to confirm the nomination on March 14, 2016 by a vote of 49-40.

- 8. H.R. 636 Schumer Amendment Federal Mandate for Airplane Seats (Roll Call 43).** The Sen. Chuck Schumer (D-NY) amendment to the Small Business Tax Relief Act requires the Federal Aviation Administration to establish minimum requirements regarding seating space for passengers on commercial aircrafts. ACU does not believe it is a proper function of government to mandate the size of airline seats and opposed this amendment. The Senate defeated the amendment on April 7, 2016 by a vote of 42-54.

9. **S. 2012 Isakson Amendment Mortgage Underwriting Mandate (Roll Call 49).** The Sen. Johnny Isakson (R-GA) amendment to the Energy bill requires the Federal Housing Administration to give special favor to borrowers who use green energy in their homes. ACU opposes adding more taxpayer risk to these loans via mandates and opposed this amendment. The Senate passed the amendment on April 19, 2016 by a vote of 66-31.

10. **S. 2012 Lankford Amendment Land and Water Conservation Fund Spending (Roll Call 50).** The Sen. James Lankford (R-OK) amendment to the Energy bill, which includes the permanent reauthorization of the Land and Water Conservation Fund, requires that half of any funds spent to acquire new land go to the land's maintenance. ACU opposes the continued acquisition of federal lands with no plan to maintain them and supported this amendment. The Senate defeated the amendment on April 19, 2016 by a vote of 34-63.

11. **S. 2012 Energy Policy Modernization Act (Roll Call 54).** This bill provides for a series of initiatives that increases the federal government's role in the energy sector by promoting energy projects favored by the government. These would include carbon capture, methane hydrates, industrial bioheat systems, the use of disaster relief to promote favored government energy systems, and other programs that have failed in the past and can be funded by the private sector. The bill also permanently reauthorizes the Land and Water Conservation Fund, which has nothing to do with energy programs and should be handled as a separate bill. ACU supports all forms of energy, believes government should not favor one form of energy over another, and opposed this bill. The Senate passed the bill on April 20, 2016 by a vote of 85-12.

12. **H.R. 2028 Ernst Amendment Eliminating Wasteful Government Agencies (Roll Call 56).** The Sen. Joni Ernst (R-IA) amendment to the Energy and Water Appropriations bill eliminates funding for a number of outdated agencies and commissions, including the Appalachian Regional Commission, the Delta Regional Authority, and the Northern Border Regional Commission. ACU supports the elimination of wasteful bureaucracies, which, in some cases, go back to the New Deal era, and supported this amendment. The Senate defeated the amendment on April 20, 2016 by a vote of 25-71.

13. **H.R. 2028 Coats Amendment Advanced Technology Vehicles Manufacturing Loan Program (Roll Call 58).** The Sen. Dan Coats (R-IN) amendment to the Energy and Water Appropriations bill phases out an alternative energy vehicle loan program, which, after nine years, has billions of dollars in unspent funds and gave loans to companies that went bankrupt. ACU opposes such wasteful government programs, which favor one form of energy over another, and supported this amendment. The Senate defeated the amendment on April 21, 2016 by a vote of 48-49.

14. **H.R. 2028 Merkley Amendment Wind Energy Subsidies (Roll Call 61).** The Sen. Jeff Merkley (D-OR) amendment to the Energy and Water Appropriations bill adds \$95 million for wind energy research, an industry that already receives subsidies through tax credits. ACU supports all forms of energy, believes government should not support one form of energy over another, and opposed this amendment. The Senate passed the amendment on April 26, 2016 by a vote of 54-42.

15. **P.N. 327 Nomination of Paula Xinis to the US District Court (Roll Call 72).** This vote confirms Paula Xinis to be the United States District Judge for the District of Maryland. ACU opposed the nomination of Xinis, who was opposed by the Baltimore City Fraternal Order of Police for her record of bias against law enforcement. The Senate confirmed the nomination on May 16, 2016 by a vote of 53-44.

16. **H.R. 2577 Funds to Combat the Zika Virus (Roll Call 77).** This amendment to a broad appropriations bill covering numerous departments adds \$1.1 billion in funds for combating the Zika virus with no offset reductions. ACU opposes the constant use of "emergency" funds, which increases the deficit instead of setting spending priorities, and opposed this amendment. The Senate passed the amendment on May 19, 2016 by a vote of 68-30.

17. **H.R. 2577 Lee Amendment New Federal Fair Housing Rule (Roll Call 81).** The Sen. Mike Lee (R-UT) amendment to a broad appropriations bill covering numerous departments prohibits the use of funds to carry out the "Affirmatively Furthering Fair Housing Rule." ACU opposes this rule, which creates what is in effect a national zoning board directing local governments to submit plans to increase "fair housing" until local governments meet certain criteria, and supported this amendment. The Senate voted to table, or kill, the amendment on May 19, 2016 by a vote of 60-37 (A "No" vote supports the ACU position).

US SENATE VOTE DESCRIPTIONS *Continued*

18. **S.J. Res. 28 Catfish Inspection Program (Roll Call 86).** This Resolution of Disapproval, sponsored by Sen. John McCain (R-AZ), uses the Congressional Review Act to stop a duplicative federal catfish inspection program at the Department of Agriculture. The program has been cited as wasteful by the Government Accountability Office ten times and costs the taxpayers \$14 million dollars a year. The catfish inspection programs are examples of overregulation by the federal government and ACU supported this resolution. The Senate passed the resolution on May 25, 2016 by a vote of 55-43.
-
19. **S. 2943 Durbin Amendment Non-Defense Spending at the Department of Defense (Roll Call 90).** The Sen. Dick Durbin (D-IL) amendment to the National Defense Authorization Act would increase spending on medical research unrelated to defense issues. ACU supports using funds for their allocated purposes and opposed this amendment. The Senate passed the amendment on June 7, 2016 by a vote of 66-32.
-
20. **S. 2943 Inhofe Amendment Privatization of Commissaries (Roll Call 91).** The Sen. Jim Inhofe (R-OK) amendment to the National Defense Authorization Act eliminates a pilot program privatizing five commissaries to determine if a new system would work. ACU supports increasing the role of the private sector to improve government programs where possible and opposed this amendment. The Senate passed the amendment on June 7, 2016 by a vote of 70-28.
-
21. **H.R. 2578 Feinstein Amendment Attorney General Authority over Firearm Transfers (Roll Call 106).** The Sen. Dianne Feinstein (D-CA) amendment to the Commerce, Justice, and Science Appropriations bill allows the US Attorney General to unilaterally deny requests to transfer a firearm to certain law-abiding citizens. ACU opposes placing such power in the hands of one person without due process, which could be used for political purposes, and opposed this amendment. The Senate defeated the amendment on June 20, 2016 by a vote of 47-53.
-
22. **S. 3100 Sanctuary Cities (Roll Call 119).** This bill reduces funds for sanctuary cities, where local officials refuse to cooperate with federal immigration authorities, and makes it clear that local officials are required to detain illegal immigrants when requested to do so by the Department of Homeland Security. ACU supports the enforcement of federal immigration laws and supported this bill. The Senate refused to invoke cloture, which would have allowed consideration of the bill, on July 6, 2016 by a vote of 53-44 (60 votes were required).
-
23. **S. 2193 Stopping Illegal Reentry for Deportees (Roll Call 120).** This bill, known as “Kate’s Law,” increases penalties for those who illegally re-enter the US after being deported. ACU supports protecting citizens from individuals who desire to break the law, supports increasing the penalties for those who continually do, and supported this bill. The Senate refused to invoke cloture, which would have allowed them to consider the bill, on July 6, 2016 by a vote of 55-42 (60 votes were required).
-
24. **P.M. 1180 Nomination of Carla Hayden as Librarian of Congress (Roll Call 128).** This vote confirms Carla Hayden to be Librarian of Congress. ACU opposed the nomination of someone who has been more of a political activist than a librarian as head of the American Library Association. ACU also opposed confirming anyone to a ten year term of office mere months before a presidential election. The Senate voted to confirm the nomination on July 13, 2016 by a vote of 74-18.
-
25. **S. 3110 Energy Development on Public Land (Roll Call 153).** This bill reforms the administration of the Outer Continental Shelf to allow for energy exploration offshore and on other public lands. ACU supports increasing access to public lands for energy exploration and supported this bill. The Senate defeated a cloture motion, which would have allowed them to consider the bill, on November 17, 2016 by a vote of 51-47 (60 votes were required).

Senators receiving an "n/a" did not vote on enough bills to be rated. Only Senators who voted on 2/3rds or more of the selected bills receive a 2016 percentage. Yearly scores are displayed as whole numbers, while the lifetime averages are rounded to the hundredth decimal point. Though 25 votes were selected, each vote counts as 1/26 due to the Garland Nomination being double weighted.

US HOUSE OF REPRESENTATIVES STATISTICS

US HOUSE OF REPRESENTATIVES CONSERVATIVE RATINGS

RED = REPUBLICANS BLUE = DEMOCRATS

US HOUSE OF REPRESENTATIVES VOTE DESCRIPTIONS

1. **H.R. 1927 Tort Reform (Roll Call 33).** This bill tightens the rules covering class-action lawsuits by requiring a showing that all of the people covered under the class action have actually suffered the same injury as those in the original filing. ACU supports tort reform of this kind and supported this bill. The House passed the bill on January 8, 2016 by a vote of 211-188.

2. **H.R. 3762 Obamacare Repeal and Defunding of Planned Parenthood (Roll Call 53).** This bill uses a legislative procedure known as budget reconciliation to repeal many provisions of Obamacare and prohibit Medicaid reimbursements for Planned Parenthood, an organization that performs abortions. ACU supports the repeal of Obamacare, believes abortion is a human tragedy, opposes federal funding of abortions, and supported this bill. The House failed to override the president's veto of the bill on February 2, 2016 by a vote of 241-186. (A two-thirds vote was required).

3. **H.R. 3797 Coal Refuse-to-Energy Regulations (Roll Call 123).** This bill changes EPA standards to allow coal refuse-to-energy projects, which recycle left-over waste products. ACU opposes burdensome EPA regulations that limit domestic energy abundance and supported this bill. The House passed the bill on March 15, 2016 by a vote of 231-183.

4. **H.R. 4901 District of Columbia School Voucher Program (Roll Call 179).** This bill reauthorizes the District of Columbia school voucher program, which helps students attend private schools who otherwise would not have the option. ACU supports school choice and supported this bill. The House passed the bill on April 29, 2016 by a vote of 224-181.

5. **H.R. 4909 Nadler Amendment Closing Guantanamo (Roll Call 204).** The Congressman Jerrold Nadler (D-NY-10) amendment to the National Defense Authorization Act removes provisions in the bill that prohibits transferring terrorist detainees being held at Guantanamo to the United States. ACU opposes closing Guantanamo and transferring detainees to a facility in the United States and opposed this amendment. The House defeated the amendment on May 18, 2016 by a vote of 163-259.

6. **H.R. 4909 Buck Amendment Renewable Energy Mandate (Roll Call 208).** The Congressman Ken Buck (R-CO-04) amendment to the National Defense Authorization Act requires the Secretary of Defense to evaluate the cost of different types of energy and purchase the most effective option available. Currently, the Defense Department is required to use renewable energy fuels whenever possible, regardless of the cost. ACU supports all forms of energy, believes that government should not favor one form of energy over another, and supported this amendment. The House defeated the amendment on May 18, 2016 by a vote of 159-266.

7. **H.R. 4974 Fleming Amendment Defense Funds for Illegal Immigrants (Roll Call 222).** The Congressman John Fleming (R-LA-04) amendment to the Military Construction and Veterans Affairs Appropriations bill prohibits using federal funds to modify or construct facilities on a military installation to house unaccompanied children who are illegal immigrants. ACU opposes the use of defense funds for non-defense purposes and supported this amendment. The House passed the amendment on May 19, 2016 by a vote of 219-202.

8. **H.R. 4974 Perry Amendment Project Labor Agreements (Roll Call 225).** The Congressman Scott Perry (R-PA-04) amendment to the Military Construction and Veterans Affairs Appropriations bill prohibits using funds to enforce an executive order which encourages federal agencies to require labor agreements on construction projects. Such agreements force contractors to negotiate with unions and make it difficult for competing non-union companies to secure contracts. ACU opposes such agreements, which drive up the cost of projects to taxpayers, and supported this amendment. The House defeated the amendment on May 19, 2016 by a vote of 209-216.

9. **H.R. 5055 Maloney Amendment Religious Freedom for Government Contractors (Roll Call 258).** The Congressman Sean Patrick Maloney (D-NY-18) amendment to the Energy and Water Appropriations bill prohibits federal contracts for companies who “discriminate based on sexual orientation or gender identity” with no religious exemption.
