LETTER FROM THE CHAIRMAN

Dear Fellow Conservative,

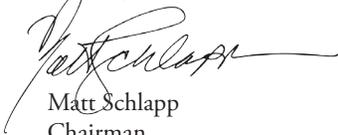

The American Conservative Union Foundation is proud to present our ratings of the 2017 meeting of the Oregon Legislative Assembly. Like our Congressional Ratings, which date back 46 years, these ratings are meant to reflect how elected officials view the role of government in an individual's life. We begin with our philosophy (conservatism is the political philosophy that sovereignty resides in the person) and then apply our understanding of government (its essential role is to defend life, liberty and property).

Because our ratings are designed to educate the public about how consistently their elected officials adhere to conservatism, we carefully examine the entire docket of legislation introduced in each state every year. We select the most meaningful bills and publish the results after the dust has settled. The ACU Foundation is the only organization to score over 8,000 elected officials each year, including lawmakers from all 50 states and Congress.

The 2016 election dramatically impacted the political landscape of not only Washington but state legislative chambers all across the country. Republicans now have control of both legislative chambers in 32 states, more than double the number they controlled in 2010. With these victories comes an ability to implement policies that restore individual liberty and return us to a limited form of government run by and for "We the People."

It is our hope that these ratings will serve as a guide showing who can be relied on to fight for conservative principles and restore the role of government to what our nation's founding fathers envisioned.

Sincerely,

Matt Schlapp
Chairman

SELECTING THE VOTES

ACU researched and selected a range of bills before the Oregon Legislative Assembly that determine a member's adherence to conservative principles. We selected bills that focus on Ronald Reagan's philosophy of the "three-legged stool": 1) *fiscal and economic*: taxes, budgets, regulation, spending, healthcare, and property; 2) *social and cultural*: 2nd amendment, religion, life, welfare, and education; and 3) *government integrity*: voting, individual liberty, privacy, and transparency. This wide range of issues are designed to give citizens an accurate assessment that conveys which of Oregon's elected leaders best defend the principles of a free society: Life, Liberty and Property.

OREGON SENATE VOTE DESCRIPTIONS

1. **SB 416 Enforcing Price Controls on Wages.** This bill prohibits contractors from dividing projects into segments in order to be exempt from prevailing wage laws. ACU opposes prevailing wage laws, based on the federal Davis-Bacon Act, which requires contractors to pay wages above the market price, driving up the cost of projects to taxpayers and opposed this bill. The Senate passed the bill on April 12, 2017 by a vote of 18-10.

2. **HB 2409 Expanding the Use of Traffic Cameras.** This bill allows the use of red light cameras to issue tickets for speeding and traffic violations. ACU opposes the use of automated cameras for issuing tickets that are primarily designed to increase revenue rather than improve traffic safety and can be used to trace people's movements and opposed this bill. The Senate passed the bill on May 31, 2017 by a vote of 18-10.

3. **SB 423 Expanding Authority for Physicians' Assistants.** This bill allows physicians' assistants to prescribe drugs classified as Schedule III and IV medications. ACU supports commonsense regulatory reform that keeps health care costs down and supported this bill. The Senate passed the bill on June 7, 2017 by a vote of 26-3.

4. **HB 2503 Licensing for "Lactation Consultants."** This bill creates a new occupational license for "lactation consultants" who must be certified by the "International Board of Lactation Consultant Examiners," pay a fee, and complete "cultural competency" training. Under the bill, it is illegal for those not certified by the government to call themselves "lactation consultants." ACU opposes the proliferation of occupational license requirements that are primarily designed to reduce competition and opposed this bill. The Senate passed the bill on June 15, 2017 by a vote of 29-0.

5. **HB 2391 Taxing Health Insurance Plans.** This bill imposes multiple taxes on health insurance plans to pay for the expansion of Medicaid to able-bodied, childless adults. It includes two taxes on premiums and a hospital tax on net patient revenue. Higher tax burdens suppress economic growth, which reduces family prosperity, as illustrated by the ACU Foundation's Family Prosperity Index. ACU opposes the expansion of a program rife with waste and abuse with no reforms and opposed this bill. The Senate passed the bill on June 21, 2017 by a vote of 20-10.

6. **SB 828 Micromanaging Employees' Work Schedules.** This bill requires employers to provide worker schedules one week in advance, effective immediately, and two weeks in advance by 2020. The bill applies to retail, food service and hospitality businesses with over 500 workers worldwide. ACU opposes government mandates that drive up the cost of business and opposed this bill. The Senate passed the bill on June 22, 2017 by a vote of 23-6.

7. **SB 208 Allowing Charter School Students to Participate in Interscholastic Activities.** This bill requires local school districts to allow charter school students to participate in traditional public school after-school activities. ACU supports expanded opportunities for charter school students and supported this bill. The Senate passed the bill on June 26, 2017 by a vote of 28-2.

8. **HB 3170 Allowing Unions for Public University Faculty.** This bill allows additional faculty members at state public universities to form a union. The Senate passed the bill on June 26, 2017 by a vote of 17-13.

9. **HB 3461 Banning Tobacco Sales.** This bill bans the sale of tobacco products by mail, telephone or the internet. ACU believes that both tobacco and e-cigarettes are a personal liberty issue, that government regulations on products are only appropriate when their use substantially impacts others and opposed this bill. The Senate passed the bill on July 1, 2017 by a vote of 26-4.

10. **SB 558 Giving Government Benefits to Illegal Immigrants.** This bill gives government health care benefits to anyone under the age of 19 who qualifies financially, including those in the country illegally. ACU opposes giving special benefits to illegal immigrants and opposed this bill. The Senate passed the bill on July 3, 2017 by a vote of 21-8.

11. **HB 3279 Requiring Government Approval for Janitors.** This bill makes it illegal to hire a janitorial service unless they are licensed by the government. ACU opposes these government mandates that drive up the cost of business and interfere with the right to hire whomever you want to clean your office and opposed this bill. The Senate passed the bill on July 5, 2017 by a vote of 16-14.

-
12. **HB 3391 Requiring Insurance Coverage of Abortions.** This bill requires insurance companies to offer abortion services at no cost to customers and gives Planned Parenthood \$10 million to cover the cost of abortions and other “reproductive services.” ACU believes abortion is a human tragedy, supports restrictions on the practice and education of patients and opposed this bill. The Senate passed the bill on July 5, 2017 by a vote of 17-13.
-
13. **SB 754 Raising the Age to Buy Tobacco and Vaping Products.** This bill raises the age to buy tobacco and vaping products, such as e-cigarettes, that do not use tobacco to 21. ACU believes that those old enough to fight for our country in the armed forces are old enough to buy tobacco and opposed this bill. The Senate passed the bill on July 6, 2017 by a vote of 19-11.
-
14. **HB 3464 Opposing Enforcement of Immigration Laws.** This bill prohibits state and local officials from asking about a person’s immigration status and prohibits disclosing information about illegal immigrants to federal officials for the purpose of enforcing the nation’s immigration laws. ACU supports enforcement of federal immigration laws and opposed this bill. The Senate passed the bill on July 6, 2017 by a vote of 16-13.
