Dear Fellow Conservative,

The American Conservative Union Foundation is proud to present our ratings of the 2018 meeting of the Virginia General Assembly. Like our Ratings of Congress, which date back 47 years, our state ratings are meant to reflect how elected officials view the role of government in an individual’s life. We begin with our philosophy i.e., conservatism is the political philosophy that sovereignty resides in the person, and then apply our understanding of government (its essential role is to defend Life, Liberty and Property).

Because our ratings are designed to educate the public about how consistently elected officials adhere to conservatism, we carefully examine the entire docket of legislation introduced in each state every year. We select the most meaningful bills and publish the results after the dust has settled. ACUF state ratings—launched in 2011 with ratings for five states—have become a nationally recognized resource for evaluating over 8,000 elected officials comprising each of America’s 99 state legislative chambers.

Each election cycle, citizens choose leaders whose vision for the state most closely matches their own, hoping that candidates’ promises will be kept. ACUF’s ratings measure whether those promises were fulfilled or forsaken. With nearly a decade of data on state legislators’ voting records and average scores for every legislative chamber, citizens in every state can assess how effectively their lawmakers have applied conservative philosophy to the role of government.

We at ACUF believe, as Ronald Reagan once said, that freedom is never more than one generation away from extinction. We hope that by providing this unique tool, these ratings will empower Americans to exercise their right to protect our unique American democracy from tyranny.

Sincerely,

Matt Schlapp
Chairman
American Conservative Union Foundation
SELECTING THE VOTES

ACU researched and selected a range of bills before the Virginia General Assembly that determine a member’s adherence to conservative principles. We selected bills that focus on Ronald Reagan’s philosophy of the “three-legged stool”: 1) fiscal and economic: taxes, budgets, regulation, spending, healthcare, and property; 2) social and cultural: 2nd amendment, religion, life, welfare, and education; and 3) government integrity: voting, individual liberty, privacy, and transparency. This wide range of issues are designed to give citizens an accurate assessment that conveys which of Virginia’s elected leaders best defend the principles of a free society: Life, Liberty and Property.
## 2018 WINNERS & LOSERS

2018 ACUF PERCENTAGE
1. **SB 372 Allowing Firearms in Churches**. This bill repeals a state law that prohibits carrying a gun or knife into a church during a worship service. ACU supports the founders’ belief in the Second Amendment and supported this bill. The Senate passed the bill on January 23, 2018 by a vote of 21-18.

2. **SB 573 Extending a Tax Credit for Renewable Energy Businesses**. This bill extends through 2020 a business tax credit of $500 for every full-time job created in a “renewable” energy business, which the government deems a “green” job. ACU supports all forms of energy and opposes these tax credits that place businesses not favored by the government at competitive a disadvantage and opposed this bill. The Senate passed the bill on February 5, 2018 by a vote of 37-3.

3. **SB 569 Reducing License Requirements for Construction Workers**. This bill allows students and apprentices who work under the supervision of a licensed contractor to be exempt from state licensing requirements. In addition, the bill doubles the minimum cost of a project that requires a license from $2,500 to $5,000. Expanding entrepreneurship promotes economic growth which leads to greater family prosperity, as illustrated by the ACU Foundation’s Family Prosperity Index. ACU opposes the proliferation of licenses that are primarily designed to restrict competition and supported this bill as a step in the right direction. The Senate passed the bill on February 6, 2018 by a vote of 30-10.

4. **SB 884 Increasing Alcoholic Licensing Fees**. This bill negatively impacts numerous small businesses by hiking a number of fees on licenses. Under the bill, the alcoholic beverage general license fee is tripled from $65 to $195, the shipper’s license for wine and beer is increased from $95 to $230, and the fee for a special event license is tripled from $15 to $45. ACU opposes these incredible increases that are designed to restrict competition and increase business costs and opposed this bill. The Senate passed the bill on February 12, 2018 by a vote of 35-5.

5. **SB 715 Permitting Concealed Carry for First Responders**. This bill allows emergency and fire department personnel to carry a concealed weapon if they were previously employed as a law enforcement officer or a member of the U.S. military. ACU supports the founders’ belief in the Second Amendment and supported this bill. The Senate passed the bill on February 12, 2018 by a vote of 22-18.

6. **HB 1554 Increasing Occupational License Requirements**. This bill creates a new license for “master barbers,” defined as those barbers who, in addition to the practice of barbering, perform the waving, shaping and bleaching of hair, among other services. ACU opposes the proliferation of licenses which are primarily designed to restrict competition and opposed this bill. The Senate passed the bill on February 22, 2018 by a vote of 40-0.

7. **HB 110 Clarifying Franchise Employee Law**. This bill clarifies labor law to ensure that individuals who work for a franchisee are not considered to be employees of the larger company itself, known as the franchisor. ACU supports this effort to correct a disastrous ruling by the Obama-controlled National Labor Relations Board which was designed to grow government’s control over businesses by imposing regulations that apply to large corporations on small and overturned decades of precedent and supported this bill. The Senate passed the bill on February 22, 2018 by a vote of 20-19 but it was vetoed by the governor.

8. **HB 793 Expanding Access to Health Care**. This bill allows nurse practitioners with five years of clinical experience to provide nursing services without a physician’s oversight. Expanding entrepreneurship promotes economic growth which leads to greater family prosperity, as illustrated by the ACU Foundation’s Family Prosperity Index. ACU supports regulatory reform that expands patients’ access to health care and helps reduce health care costs and supported this bill. The Senate passed the bill on February 26, 2018 by a vote of 40-0.

9. **HB 83 Ensuring Dignity for Incarcerated Women**. This bill requires prison and jail administrators to supply adequate feminine hygiene products at no cost to the inmates. The ACU Foundation Center for Criminal Justice Reform is a leading voice on this issue and works to protect the dignity of incarcerated women. ACU supports this effort to ensure safe and sanitary prison conditions for both inmates and staff and supported this bill. The Senate passed the bill on February 27, 2018 by a vote of 40-0.
10. **HB 665 Reinstating Subsidies for Coal Companies.** This bill reinstates an expired $7.3 million tax subsidy for coal companies. ACU supports all forms of energy and opposes these subsidies that place industries not favored by the government at competitive disadvantages and opposed this bill. The Senate passed the bill on February 28, 2018 by a vote of 31-9.

11. **HB 883 Reforming Occupational License Regulations.** This bill initiates a three-year program with a goal of reducing occupational and professional license requirements by 25 percent. ACU opposes the proliferation of licenses that are primarily designed to restrict competition and supported this bill as a step in the right direction for a state that currently regulates more than 52,000 people in 150 different occupations. The Senate passed the bill on March 1, 2018 by a vote of 40-0.

12. **HB 1270 Requiring Legislative Approval for the Regional Greenhouse Gas Initiative.** This bill requires legislative approval before Virginia can participate in the Regional Greenhouse Gas Initiative (RGGI). The RGGI establishes a cap and trade program for greenhouse gas emissions and each year raises energy costs by progressively imposing harsher caps on emission levels. ACU opposes these mandates and politicized energy agendas that drive up the cost of energy for everyone and supported this bill. The Senate passed the bill on March 1, 2018 by a vote of 21-19 but it was vetoed by the governor.

13. **HB 375 Preventing Local Governments from Mandating Construction Wages.** This bill prohibits local governments from requiring contractors to pay their employees a higher minimum wage than is required by the state or federal government. ACU opposes artificial wage requirements that drive up the cost of projects to taxpayers and supported this bill. The Senate passed the bill on March 1, 2018 by a vote of 21-19 but it was vetoed by the governor.

14. **HB 1257 Enforcing Federal Immigration Laws.** This bill outlaws so-called “sanctuary cities” by preventing local governments from passing laws or implementing policies that restrict the enforcement of federal immigration laws. ACU supports the enforcement of federal immigration laws and supported this bill. The Senate passed the bill on March 6, 2018 by a vote of 21-18 but it was vetoed by the governor.

15. **HB 1393 Legalizing Hunting with Arrow Guns.** This bill allows hunters to use arrow guns, which are high-powered rifles that fire arrows similar to that of a crossbow. ACU supports the founders’ belief in the Second Amendment, supports regulatory reform that support hunting, a renewable and responsible source of sustenance for some, and supported this bill. The Senate passed the bill on March 6, 2018 by a vote of 34-6.

16. **HB 222 Tax Breaks for Government-Favored Businesses.** This bill further expands a tax incentive program that provides tax breaks to select companies that make businesses investments in certain areas of the state and promise to pay 150 percent of the minimum wage of that area. ACU supports a fair and level tax field and opposes these programs which provide select companies with a competitive advantage over their competitors and results in other taxpayers being forced to make up the lost revenue through higher tax burdens and opposed this bill. The Senate passed the bill on March 9, 2018 by a vote of 37-3.

17. **SB 896 Subsidizing Mass Transit with Gas Tax Revenue.** This bill raises the gas tax in northern Virginia and Hampton Roads to pay for “improvements” to Washington Metropolitan Area Transit Authority (WMATA). ACU does not believe taxpayers should be forced to subsidize the fiscal irresponsibility and greed of WMATA’s unions (labor costs have skyrocketed to 77 percent of the operating budget) and that transit should be provided primarily through user fees and opposed this bill. The Senate passed the bill on March 9, 2018 by a vote of 28-11.

18. **HB 1504 Expanding Eligibility for the Virtual Virginia School Program.** This bill ensures that all public high school and homeschool students are eligible to take courses online through the state’s virtual education program (subject to availability). ACU supports innovative initiatives approved at the local level to reduce the cost of education and supported this bill. The Senate passed the bill on March 10, 2018 by a vote of 25-15.

19. **SB 521 Reducing Voter Fraud.** This bill requires local voting registrars to investigate instances in which the list of registered voters exceeds the estimated number of people 18 years of age or older in a county or city. ACU supports strengthening ballot integrity to prevent vote fraud and supported this bill. The Senate failed to override the governor’s veto of the bill on April 18, 2018 by a vote of 20-19. (A two-thirds vote was required.)
20. SB 964 Expanding Access to Low-Cost Health Plans. This bill requires the state to request a federal waiver under Obamacare in order to allow anyone to purchase a low-cost, catastrophic health care plan. Previously, only individuals under the age of 30 had the ability to purchase such a plan. ACU supports a free market in health care, free from the costly mandates of Obamacare, and supported this bill. The Senate rejected the governor's attempt to force another vote on the bill in 2019 on April 18, 2018 by a vote of 19-20. (A “No” vote supported the ACU position.)

21. SB 934 Allowing the Formation of Health Benefits Consortiums. This bill allows small businesses and their employees to pool together to purchase health insurance through the formation of a health benefits consortium. These consortiums provide employees prescription drug, dental and vision benefits which are exempt from state tax and insurance regulations. ACU supports a free market in health care free from the costly mandates of Obamacare and supported this bill. The Senate rejected the governor’s attempt to force another vote in 2019 on April 18, 2018 by a vote of 18-21. (A “No” vote supported the ACU position.)

22. HB 5001 Expanding Medicaid under Obamacare for Fiscal Year 2018. This budget bill for fiscal year 2018 provides funding to expand Medicaid under Obamacare to cover individuals earning up to 138 percent of the poverty level, including work-ready, childless adults. ACU opposes expanding a program rife with waste and fraud to more than 400,000 additional recipients and opposed this bill. The Senate passed the bill on May 30, 2018 by a vote of 23-17.

23. HB 5002 Expanding Medicaid under Obamacare for Fiscal Years 2019 and 2020. This budget bill for fiscal years 2019 and 2020 provides funding to expand Medicaid under Obamacare to cover individuals earning up to 138 percent of the poverty level, including work-ready, childless adults. ACU opposes expanding a program rife with waste and fraud to more than 400,000 additional recipients and opposed this bill. The Senate passed the bill on May 30, 2018 by a vote of 23-17.

2018 ACUF PERCENTAGE
1. HB 110 Clarifying Franchise Employee Law. This bill clarifies labor law to ensure that individuals who work for a franchisee are not considered to be employees of the larger company itself, known as the franchisor. ACU supports this effort to correct a disastrous ruling by the Obama-controlled National Labor Relations Board which was designed to grow government’s control over businesses by imposing regulations that apply to large corporations on small businesses and overturned decades of precedent and supported this bill. The House passed the bill on January 25, 2018 by a vote of 50-48.

2. HB 1270 Requiring Legislative Approval for the Regional Greenhouse Gas Initiative. This bill requires legislative approval before Virginia can participate in the Regional Greenhouse Gas Initiative (RGGI). The RGGI establishes a cap and trade program for greenhouse gas emissions and each year raises energy costs by progressively imposing harsher caps on emission levels. ACU opposes these mandates and politicized energy agendas that drive up the cost of energy for everyone and supported this bill. The House passed the bill on February 7, 2018 by a vote of 51-47 but it was vetoed by the governor.

3. HB 900 Implementing Reforms to Civil Asset Forfeiture. This bill requires a criminal conviction before law enforcement can seize an individual’s property. The ACU Foundation’s Center for Criminal Justice Reform and the Center for 21st Century Property Rights are leading authorities on this issue. ACU believes only a criminal conviction should cause property to be seized and supported this bill. The House passed the bill on February 9, 2018 by a vote of 81-18.

4. HB 883 Reforming Occupational License Regulations. This bill initiates a three-year program with a goal of reducing occupational and professional license requirements by 25 percent. ACU opposes the proliferation of licenses that are primarily designed to restrict competition and supported this bill as a step in the right direction for a state that currently regulates more than 52,000 people in 150 different occupations. The House passed the bill on February 12, 2018 by a vote of 96-3.

5. HB 1554 Increasing Occupational License Requirements. This bill creates a new license for “master barbers,” defined as those barbers who, in addition to the practice of barbering, perform the waving, shaping and bleaching of hair, among other services. ACU opposes the proliferation of licenses which are primarily designed to restrict competition and opposed this bill. The House passed the bill on February 12, 2018 by a vote of 94-6.

6. HB 1393 Legalizing Hunting with Arrow Guns. This bill allows hunters to use arrow guns, which are high-powered rifles that fire arrows similar to that of a crossbow. ACU supports the founders’ belief in the Second Amendment, supports regulatory reform that support hunting, a renewable and responsible source of sustenance for some, and supported this bill. The House passed the bill on February 13, 2018 by a vote of 87-13.

7. HB 83 Ensuring Dignity for Incarcerated Women. This bill requires prison and jail administrators to supply adequate feminine hygiene products at no cost to the inmates. The ACU Foundation Center for Criminal Justice Reform is a leading voice on this issue and works to protect the dignity of incarcerated women. ACU supports this effort to ensure safe and sanitary prison conditions for both inmates and staff and supported this bill. The House passed the bill on February 13, 2018 by a vote of 100-0.

8. HB 375 Preventing Local Governments from Mandating Construction Wages. This bill prohibits local governments from requiring contractors to pay their employees a higher minimum wage than is required by the state or federal government. ACU opposes artificial wage requirements that drive up the cost of projects to taxpayers and supported this bill. The House passed the bill on February 13, 2018 by a vote of 51-48 but it was vetoed by the governor.
9. **SB 884 Increasing Alcoholic Licensing Fees.** This bill negatively impacts numerous small businesses by hiking a number of fees on licenses. Under the bill, the alcoholic beverage general license fee is tripled from $65 to $195, the shipper’s license for wine and beer is increased from $95 to $230, and the fee for a special event license is tripled from $15 to $45. ACU opposes these incredible increases that are designed to restrict competition and increase business costs and opposed this bill. The House passed the bill on February 26, 2018 by a vote of 85-13.

10. **HB 793 Expanding Access to Health Care.** This bill allows nurse practitioners with five years of clinical experience to provide nursing services without a physician’s oversight. Expanding entrepreneurship promotes economic growth which leads to greater family prosperity, as illustrated by the ACU Foundation’s Family Prosperity Index. ACU supports regulatory reform that expands patients’ access to health care and helps reduce health care costs and supported this bill. The House passed the bill on February 28, 2019 by a vote of 97-2.

11. **SB 573 Extending a Tax Credit for Renewable Energy Businesses.** This bill extends through 2020 a business tax credit of $500 for every full-time job created in a “renewable” energy business, which the government deems a “green” job. ACU supports all forms of energy and opposes these tax credits that place businesses not favored by the government at competitive a disadvantage and opposed this bill. The House passed the bill on February 28, 2018 by a vote of 81-18.

12. **HB 665 Reinstating Subsidies for Coal Companies.** This bill reinstates an expired $7.3 million tax subsidy for coal companies. ACU supports all forms of energy and opposes these subsidies that place industries not favored by the government at competitive disadvantages and opposed this bill. The House passed the bill on February 28, 2018 by a vote of 59-36 but it was vetoed by the governor.

13. **SB 521 Reducing Voter Fraud.** This bill requires local voting registrars to investigate instances in which the list of registered voters exceeds the estimated number of people 18 years of age or older in a county or city. ACU supports strengthening ballot integrity to prevent vote fraud and supported this bill. The House passed the bill on March 1, 2018 by a vote of 51-49 but it was vetoed by the governor.

14. **SB 964 Expanding Access to Low-Cost Health Plans.** This bill requires the state to request a federal waiver under Obamacare in order to allow anyone to purchase a low-cost, catastrophic health care plan. Previously, only individuals under the age of 30 had the ability to purchase such a plan. ACU supports a free market in health care free from the costly mandates of Obamacare and supported this bill. The House passed the bill on March 6, 2018 by a vote of 51-46 but it was vetoed by the governor.

15. **SB 934 Allowing the Formation of Health Benefits Consortiums.** This bill allows small businesses and their employees to pool together to purchase health insurance through the formation of a health benefits consortium. These consortiums provide employees prescription drug, dental and vision benefits which are exempt from state tax and insurance regulations. ACU supports a free market in health care free from the costly mandates of Obamacare and supported this bill. The House passed the bill on March 6, 2018 by a vote of 51-46.

16. **SB 569 Reducing License Requirements for Construction Workers.** This bill allows students and apprentices who work under the supervision of a licensed contractor to be exempt from state licensing requirements. In addition, the bill doubles the minimum cost of a project that requires a license from $2,500 to $5,000. Expanding entrepreneurship promotes economic growth which leads to greater family prosperity, as illustrated by the ACU Foundation’s Family Prosperity Index. ACU opposes the proliferation of licenses that are primarily designed to restrict competition and supported this bill as a step in the right direction. The House passed the bill on March 7, 2018 by a vote of 72-26.

17. **SB 715 Permitting Concealed Carry for First Responders.** This bill allows emergency and fire department personnel to carry a concealed weapon if they were previously employed as a law enforcement officer or a member of the U.S. military. ACU supports the founders’ belief in the Second Amendment and supported this bill. The House defeated the bill on March 7, 2018 by a vote of 35-62.

18. **SB 896 Subsidizing Mass Transit with Gas Tax Revenue.** This bill raises the gas tax in northern Virginia and Hampton Roads to pay for “improvements” to Washington Metropolitan Area Transit Authority (WMATA). ACU does not believe taxpayers should be forced to subsidize the fiscal irresponsibility and greed of WMATA’s unions (labor costs have skyrocketed to 77 percent of the operating budget) and that transit should be provided primarily through user fees and opposed this bill. The House passed the bill on March 8, 2018 by a vote of 65-27.
19. **HB 222 Tax Breaks for Government-Favored Businesses.** This bill further expands a tax incentive program that provides tax breaks to select companies that make businesses investments in certain areas of the state and promise to pay 150 percent of the minimum wage of that area. ACU supports a fair and level tax field and opposes these programs which provide select companies with a competitive advantage over their competitors and result in other taxpayers being forced to make up the lost revenue through higher tax burdens and opposed this bill. The House passed the bill on March 9, 2018 by a vote of 86-10.

20. **HB 1504 Expanding Eligibility for the Virtual Virginia School Program.** This bill ensures that all public high school and homeschool students are eligible to take courses online through the state’s virtual education program (subject to availability). ACU supports innovative initiatives approved at the local level to reduce the cost of education and supported this bill. The House defeated the bill on March 10, 2018 by a vote of 45-46.

21. **HB 1257 Enforcing Federal Immigration Laws.** This bill outlaws so-called “sanctuary cities” by preventing local governments from passing laws or implementing policies that restrict the enforcement of federal immigration laws. ACU supports the enforcement of federal immigration laws and supported this bill. The House failed to override the governor’s veto of the bill on April 18, 2018 by a vote of 51-48. (67 votes were required.)

22. **HB 5001 Expanding Medicaid under Obamacare for Fiscal Year 2018.** This budget bill for fiscal year 2018 provides funding to expand Medicaid under Obamacare to cover individuals earning up to 138 percent of the poverty level, including work-ready, childless adults. ACU opposes expanding a program rife with waste and fraud to more than 400,000 additional recipients and opposed this bill. The House passed the bill on May 30, 2018 by a vote of 68-30.

23. **HB 5002 Expanding Medicaid under Obamacare for Fiscal Years 2019 and 2020.** This budget bill for fiscal years 2019 and 2020 provides funding to expand Medicaid under Obamacare to cover individuals earning up to 138 percent of the poverty level, including work-ready, childless adults. ACU opposes expanding a program rife with waste and fraud to more than 400,000 additional recipients and opposed this bill. The House passed the bill on May 30, 2018 by a vote of 67-31.
